

COMMITTEE RECOMMENDS \$260,000 SCHOOL BOND ISSUE

ONE ORGANIZATION FOR SOUTH PART OF CITY COMES FROM MERGER

Greater Unity Is Assured by
Movement and Improve-
ments Being Outlined

THE TEMPORARY organiza-
tion of business men and
property owners of the southern
section of the city, which was
formed last week for the purpose
of securing improvements for
that section and the boosting of
Greater Glendale, met last night
in the office of G. E. Shram on
South San Fernando road and de-
cided to merge with the already
established organization of the
Glendale Gateway Club. They
adjourned and then went in a
body to the meeting of the Gate-
way Club which was being held
in the branch library building on
South Brand boulevard.

Stuart Street, president of the
Gateway Club, invited the temporary
chairman of the recently formed or-
ganization, G. E. Shram, and tem-
porary secretary, C. L. Brenkman,
to join in taking charge of the meeting.
It is the idea that by the two or-
ganizations joining together there
will be greater unity of spirit in the
southern section of the city and that
the greater number of members will
make it easier to secure certain
necessary improvements.

Another method of securing notice
for the southern section of Glendale
which was suggested by Mr. Shram
and others was a general cleanup and
paintup of houses, business places
and parking. He also stated that it
was the purpose to get the organiza-
tion formed on a solid basis and then
get the co-operation of the Chamber
of Commerce and the city council.

Individual Problems

Kemper Campbell, in explaining
his ideas, stated that every section
of the city has its own individual
problems, and that organizations in
these sections would be a help to the
Chamber of Commerce and City
Council in getting certain improve-
ments carried out, in this way bene-
fitting the entire city, for what is
done in one part of the city reflects
on the city as a whole.

The slogan of "All Roads Lead to
Glendale" might well have been the
name given to another part of Mr.
Campbell's discussion, when he re-
lated a conversation with an eastern
friend who was in Los Angeles, this
same friend telling Mr. Campbell
that he did not know the exact di-
rections to get to Glendale, but that
it seemed that no matter which road
(Continued on Page 15)

Miss June Huskins Is J. B. Johnson's Bride; Wed In Los Angeles

In the pastor's study of the Tem-
ple Baptist church of Los Angeles,
Thursday evening, September 1,
at 8 o'clock, the wedding of Miss
June Huskins of Glendale to J. Bur-
ton Johnson of Los Angeles was sol-
emnized. Dr. J. Whitcomb Brougher
officiated. The couple was attended
by Mr. and Mrs. Harold Andrews of
Los Angeles who were married re-
cently, and the latter was a chum of
Miss Huskins. After the ceremony
a delightful wedding supper was
served.

The bride is the charming daugh-
ter of A. W. Huskins, manager of a
seed and plant company of Los An-
geles and the niece of Dr. and Mrs.
R. C. Lane of 120 West Doran street,
Glendale, with whom she lived while
attending high school. She is a
popular member of the younger set
here.

Mr. Johnson came to Southern
California recently from Dallas, Tex.,
and met his bride just a year ago.
He is a graduate of the Dallas high
school where he was captain of the
football team and a star athlete. He
is connected with the Germain Seed
company.

Mr. and Mrs. Johnson are making
a honeymoon trip to Catalina for a
ten-day period and will return to Los
Angeles on September 10 to make
their home at the Bonsallo apart-
ments, 1927 Bonsallo avenue. They
were the recipients last night of a
host of beautiful and useful gifts
from their many friends.

Miss Ruth Waters and W. Thistlewhite Wed

The announcement of the wedding
of Miss Ruth Waters, daughter of
Mr. and Mrs. V. E. Waters, and Wal-
ter Thistlewhite, which took place
at 8:30 o'clock Thursday night, Sep-
tember 1, at Philharmonic Audi-
torium, Los Angeles, comes as a sur-
prise to their many friends and ac-
quaintances in this city.

Both Mr. and Mrs. Thistlewhite
were former residents of this city
and attended Glendale Union high
school. Close friends of the young
couple acted as witnesses and were
the only attendants at the wedding
ceremony, after which they attended
a dinner dance in one of the Los
Angeles hotels. For the present time
Mr. and Mrs. Thistlewhite will re-
side on Vermont avenue, Los An-
geles.

FUNERAL OF SADIE MARTIN

Funeral services for Sadie Marg-
aret Martin, who died on Wednesday,
August 31, 1921, will be held this
afternoon at the Forest Lawn ceme-
tery, with the Jewel City undertak-
ing company in charge. The de-
ceased was the daughter of Mr. and
Mrs. Calvin C. Martin of 106 South
Cedar street, and at the time of her
death was 4 years, 11 months and 20
days old.

BACK FROM SEAL BEACH

Mrs. C. Monroe Taylor and son
Russell of 409 West Burchett street
have returned from Seal Beach,
where they enjoyed a two weeks'
vacation.

Today's World News In Brief

(By United Press to Glendale Evening News)

MARTIAL LAW FOR MINE WAR AREA IS CONSIDERED
WASHINGTON, Sept. 2.—Martial law for the mine war area
of West Virginia was considered by President Harding's cabinet to-
day as federal troops were being rushed into the state to end
hostilities.

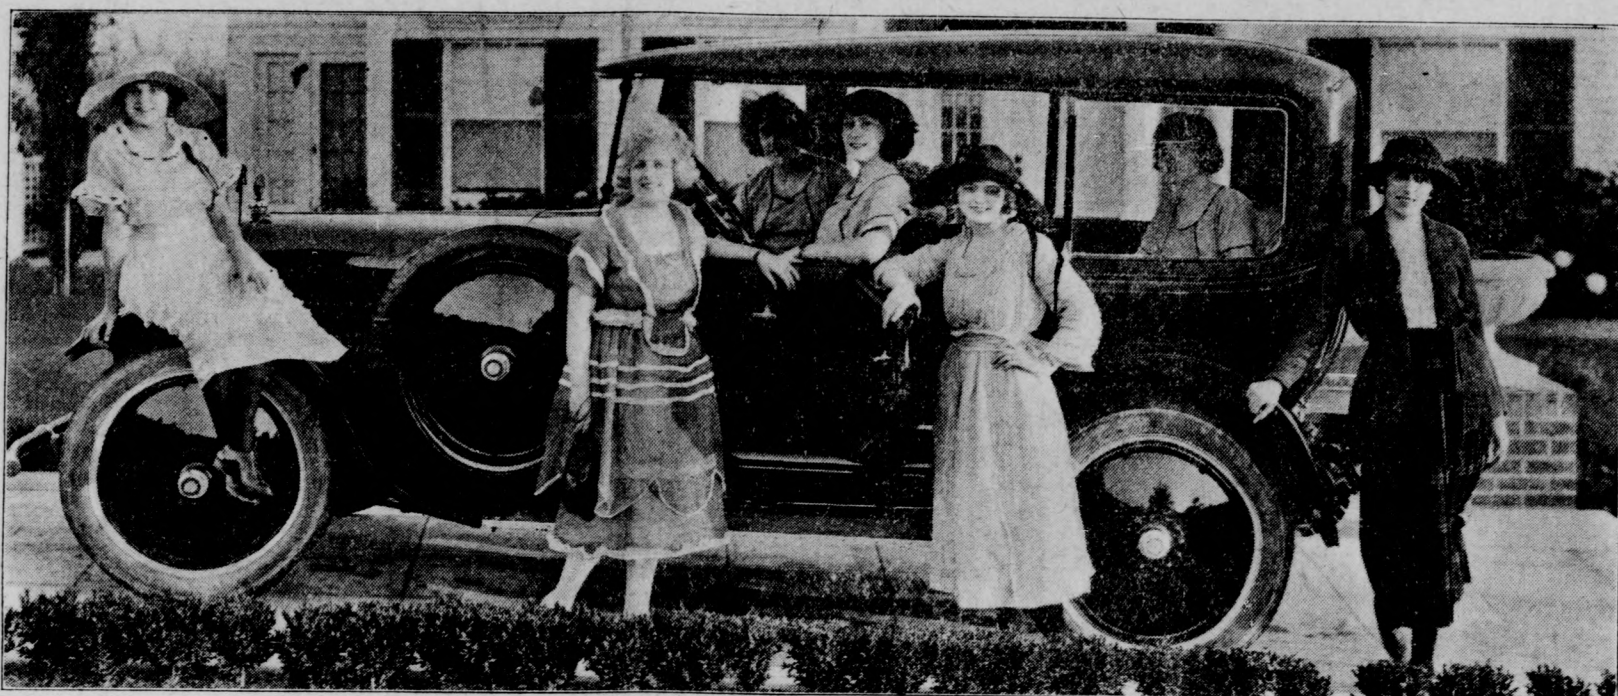

QUIET RESTORED TO BELFAST AFTER SEVENTEEN DIE
BELFAST, Sept. 2.—Quiet had been restored here today. The
total casualties were given as seventeen killed and 200 wounded.
Troops continued to keep watch at danger points.

FEDERAL TROOPS ARE ORDERED INTO WEST VIRGINIA
WASHINGTON, Sept. 2.—Federal troops were ordered into the
West Virginia coal fields early today. The orders were issued
shortly after 4 a. m. by Major General James G. Harbord, acting
chief of staff, and Adjutant General Harris, who remained at the war
department all night to keep a close watch on the situation.

MEXICAN OIL SHARES FALL OFF IN EARLY TRADING
NEW YORK, Sept. 2.—Mexican oil shares, which had been
soaring, fell off in the first hour's trading on the New York stock
exchange today. President Obregon's message to the Mexican
congress was responsible. New highs were made around noon by
General Electric, Steel Common, Studebaker, American Sumatra
and Bethlehem B Steels. Baldwin picked up about two points.

U. S. ARMY IN SUPREME COMMAND IN WEST VIRGINIA
CHARLESTON, W. Va., Sept. 2.—The United States army to-
day was in supreme command of the state of West Virginia. Gov-
ernor E. F. Morgan abdicated in favor of General H. H. Bandholtz,
who will command the soldiers on their way into the state. Gov-
ernor Morgan issued a proclamation informing citizens of his action.

Exposition Beauties See Beauties of Glendale

WELL! WELL! LOOK AT THE AUTOMOBILE—IT'S ALL DOLLED UP!

From left to right: Marguerite Howard, Classic Marlowe, director of the Greater Glendale Fashion Revues; Gertrude Prandoni, Julia Patterson, Viola Dolan, Edna Cody and Ethel Davis. The picture was taken in front of the palatial home of Mrs. Mary L. Hull, 1608 Kenneth road, where Ray L. Galvin of Tanner & Hall, Ltd., was showing the visiting beauties the sights of Glendale and the easy riding qualities of an especially "dolled up" 1922 model Buick touring car.

Everybody in Glendale who has
attended the exposition has seen
the beautiful models who wear
clothes so well and the charming
girls who serve Sunsweet prunes.
In the afternoons and evenings
they entertain the public, the
fickle public, and they wonder
about the homes from whence the
people come. Miss Classic Mar-
lowe, director of the revues, ex-

pressed the desire to give the girls
a ride about the city to see the
wonderful residences and get
more closely acquainted with the
folks. So it was that she gath-
ered her flock of fall buds and
bundled them into a "dolled up"
1922 model Buick touring car driv-
ing by R. L. Galvin of Tanner &
Hall, Ltd. The happy party vis-
ited all of the scenic spots of the

vicinity and finally halted in front
of the foothill mansion of Mrs.
Mary H. Hull at 1608 Kenneth
Road. There it was that the pho-
tographer found them enjoying the
beautiful California sunshine. The
reflections of the valley below
are seen in the highly-pol-
ished distel wheels and the
smiles on the girls' faces show
how glad they were for the cool-

ing respite from their work at the
big tent. Anyone who imagines
that the life of the mannikins is
one round of pleasure after an-
other should be disillusioned early
in life, says Miss Marlowe. The
tour of Glendale in the big new
Buick yesterday was the first good
time they have had this week and
they certainly were appreciative of
the courtesy extended them by
Tanner & Hall.

MAN INJURED WHEN TRAIN HITS AUTO; PET DOG DIES

Remarkable Growth Of Glendale Receives Number Of Compliments; Baby Show This Afternoon

Passenger on Motortruck Is
Hurled on Locomotive and
Carried Distance Unhurt

A collie dog is dead, its master
lies in the Glendale Sanitarium and
hospital with a broken leg and
the young man who was riding
with him on a motor truck-
load of furniture today is telling of
a miraculous escape late yesterday
afternoon when the machine was
ground to pieces by a freight train
at the Brand boulevard crossing of
the Southern Pacific railroad.

R. L. Underwood of San Fernando
was the driver of the truck; R. F.
McElroy was the passenger.

They seemingly failed to see the
flagman, J. W. Durham, at the cross-
ing as their machine drove south on
Brand boulevard from San Fernando
road onto the railroad tracks. A
section gang in charge of J. P.
Chambers waved wildly for the truck
to stop.

Leaps for His Life

Underwood leaped for his life
when he saw the impending crash.
The locomotive hit the heavily-laden
motor car squarely in the center and
pitched the furniture against the
Pacific Electric tower. The body of
the truck, with McElroy clinging to
it, however, hung onto the cow-
catcher and was dragged more than
300 feet until the heavy train was
brought to a stop. Shaken to a point
of prostration, McElroy was removed
from the wreck uninjured.

Passenger and freight service was
delayed three-quarters of an hour be-
cause of a broken interlocking
switch and the truck and furniture
were demolished. Glendale people
who saw the wreck expressed won-
derment that both men were not
killed and few knew of the canine
fatality.

A. C. Kinsey was the conductor in
charge of freight No. 264 which
struck the truck. It was passing the
tower at 3:45 p. m. when the ac-
cident occurred. The Southern Pacific
only recently installed a flagman to
signal traffic of oncoming trains and
the installation of safety gates has
been ordered through the efforts of
the Chamber of Commerce.

Houses and a row of eucalyptus
trees make it impossible for motor-
ists to see the railroad tracks for
any distance when approaching from
the north and it is only a matter of
time until a similar wreck will occur,
officials believe.

RETURN FROM BEACH

Mrs. Leo Berndt and daughter,
Ruth of 410 West Burchett street,
are at home from a ten days' stay at
Seal Beach.

WHEN WEST BROADWAY was a pasture and the business
district on Brand boulevard only a dream, provided the subject
for a brief speech last night at the Greater Glendale Merchants'
Exposition by Edgar M. Hitchcock, secretary of the Pasadena Mer-
chants' Association, who resided here for fourteen years prior to last
May. His story of the remarkable growth of this city and compli-
ments to the business men whose vision has made it possible drew
forth a round of applause from more than 4500 people in attendance.

The babies have their day this
afternoon at the big show and a kid-
dies' revue should attract a record
throng. Tonight again the man-
nikins will parade in the latest modes
and entertainment, gifts and gala
events will continue as usual. Di-
rector General H. Elmo LaBrique
announces. The exposition will close
tomorrow night after the greatest
week in the business history of Glen-
dale.

Mr. Hitchcock paid great tribute
to the local displays when he stated
that Glendale merchants had outdone
the Whittier and Santa Ana shows
and possibly had the edge on the
Pasadena exposition which his or-
ganization sponsored.
"And an exposition of this char-
acter brings out a feeling of good
fellowship between the residents and
merchants of a city," he said in con-
clusion, giving a definition of "good
fellowship."

Wonderful publicity is being ob-
tained for Glendale this week with
delegations of merchants coming
here from other cities. Last night
U. E. McClary, secretary of Van
Nuys Chamber of Commerce and ten
business men motored here for the
exposition while a committee from
the Alhambra Chamber which visited
Glendale ten days ago, namely Mrs.
F. B. Gillenwater, Mrs. J. H. Craw-
ford and Mrs. A. I. Whitehead, in-
cluded a score of their friends, in-
cluding G. O. Johnson, president of
the Chamber there, to see Glendale's
progressive spirit.

BOUDOIR, GLENDALE PRODUCT, IS BIG FEATURE AT FASHION SHOW

Unusually Attractive Display Of Latest Styles In
Women's Wear Made At Merchants' Exposition

A BOUDOIR FURNISHED in the most up-to-date manner was
the setting for the feature of Thursday night's fashion revue
at the Greater Glendale Merchants' Exposition. The boudoir was
purely a Glendale product. Moore & Champlin papered the walls
with one of their pretty new blue and white patterns, the window
drapes came from Webb's Dry Goods Store. The Glendale Electric
company installed a set of boudoir lamps, Harry C. Smith hung his
choicest pictures on the walls and Page Furniture company loaned
its prettiest twin bed set, in a handsome mahogany finish.

The most prominent and beautiful
article of furniture in the room was
the dressing table with its crystal-
clear triple mirror before which Miss
Classic Marlowe was seated, wearing
one of Webb's pink crepe negligees.
A little black-eyed French maid was
hovering about the lady, and present-
ly carried out a charming street
dress for inspection, but it did not
please and again and again she held
the lovely gowns up for inspection
until an evening model of black can-
ton-crepe with an Oriental overskirt
of jet beads was produced. Miss
Marlowe then retired to don this cos-
tume while four of Webb's most

Black Seems Favorite

A dinner gown of black net over
silver, with drapes of burnt orange
and gold and a black lace over black
satin creation, brightened by quanti-
ties of jet ornaments all shimmering
under the light of the Psenner-Doll
(Continued on Page 3)

VARIOUS RATES FOR TAXES FIXED BY CITY COUNCIL

Total Amount of Money to Be
Raised for Year Is Set at
\$164,325.89

An ordinance fixing the rates of
taxes and levying taxes for the fiscal
year beginning July 1, 1921, was
unanimously adopted at the meeting
of the City Council last night, as was
an ordinance fixing the amount of
money to be raised for taxation.
Both ordinances appear in full in
this issue of The Evening News.

Amounts To Be Raised

The amount of money to be raised
by taxation to carry on the various
departments of the city are as fol-
lows:

General budget fund, \$124,776.75.
Park playground and recreation
center fund, \$6,300.00.
Library fund, \$19,340.39.
Interest on fire apparatus bonds,
\$320.00.
Interest on fire apparatus bonds,
\$1,300.00.
Interest and principal on City
Hall and Library site bonds, \$1,-
293.75.
Interest on street improvement
bonds, \$550.00.
Interest and principal for fire ap-
paratus bonds, \$1,700.00.
Interest and principal on fire pro-
tection bonds, \$1,625.00.
Municipal Improvement District
No. 3, \$3,000.00.
Municipal Improvement District
No. 4, \$1,800.00.
Park bonds, interest, \$2,320.00.
These items make a total of
\$164,325.89.
The tax rate for district (a) which
includes that part of the city within
(Continued on Page 16).

MRS. C. A. PARKER HOSTESS

Mrs. C. A. Parker of 212 North
Orange street entertained inform-
ally yesterday afternoon a group of
music lovers, including Mrs. Emma
Bartlett, chairman of the school di-
vision of the Federation of Music
Clubs of Los Angeles, and niece, Miss
Mercedes Bennett of Detroit, a pupil
of Olga Steeb; Mrs. Adams Kent and
daughter Muriel of Winnipeg, Mani-
toba; Mrs. Henke and daughter of
Detroit; Miss McIntosh, a coloratura
soprano, also from Winnipeg; Mrs.
A. M. Draper and mother Mrs. Ho-
gan; Mrs. L. G. Sherman, Mrs. H. R.
Gibbs, Mrs. L. N. Hagood and Miss
Lucille Allen. Beautiful bouquets of
asters were artistically placed
throughout the house and an after-
noon of music was enjoyed.

ELECTION WILL BE HELD IN OCTOBER, BOARD DECIDES AT MEETING

Needs of District Told at Gath-
ering; Final Figures Are
Reached After Inquiry

THE GLENDALE school dis-
trict advisory committee,
which was appointed at a public
mass meeting several months ago,
held a meeting last night at the
Intermediate school building on
East Wilson avenue and after a
lengthy discussion, in which de-
tailed reports of various sub-
committees were made, it was
unanimously decided that the
body would recommend to the
City School Board that a bond
election for \$260,000 be held in
the Glendale school district with-
in the next ninety days.

The final figure was decided upon
only after a most thorough discus-
sion regarding the proposed cost of
each individual improvement and
school site. When all of the several
representatives on the building and
ground committees, respectively, had
reported their estimated cost of the
various projects the total amounted
to approximately \$285,000. The \$25,-
000 that was subsequently taken off
—the first submitted figure was
stricken off after all of the propo-
sitions that were deemed not absolute-
ly necessary in the immediate future
were taken from the list. The ap-
proximation of \$260,000 was divided
into the following separate amounts:
Buildings, \$178,000; land, \$74,400;
equipment, \$8,600.

Detailed Report Made

In the absence of Chairman Oliver
Clark, the meeting was presided over
by Captain W. C. Wattles. A de-
tailed report of the building commit-
tee, which is composed of Roy L.
Kent, Mrs. E. S. McKee and Mrs.
Gladys M. Esselman, was presented
by Mr. Kent, with the amount sub-
mitted being \$173,000.

This figure was found necessary to
be increased, due to the fact that cer-
tain schoolhouses need more room
than had been originally planned
upon.

Mrs. E. S. McKee, representing the
Colorado boulevard school district,
then made a short talk in which she
told of the needs of the district and
the attitude of the residents affected
in the territory.

Reports on the action taken by the
grounds committee were made by
Captain Wattles on the Turk prop-
erty for the site of a new interme-
diate school in the southern part of the
city; H. Henry on the proposed addi-
tion of ground at the Columbus ave-
(Continued on Page 14)

S. W. Fenton Is Host to N. O. Wilmering

S. W. Fenton of 530 West Oak
street is entertaining as his house
guest N. O. Wilmering of Oklahoma
City, who is spending a two-months'
visit on the Pacific coast. The two
men have been friends more than
thirty years, having lived in the Ok-
lahoma metropolis most of their
lives. Mr. Wilmering is the manager
of a large electrical concern in his
home city and is now enjoying his
annual vacation. He has spent the
past month visiting with friends and
relatives in Washington and Oregon.
Mr. Fenton and Mr. Wilmering left
Glendale this morning for the Tanne-
hill ranch, which is located near
Kings City, California, where they
will enjoy the next two weeks on a
hunting and fishing trip. They are
old friends of Mr. Tannehill, the
owner of the ranch, and are looking
forward to the outing with a con-
siderable amount of pleasure.

ENTERTAIN CLUB MEMBERS

Mrs. John Robert White of 337
North Orange street was hostess yester-
day afternoon to the members of the
Milford Street Card club. The
guests were entertained on the front
porch and during the afternoon re-
freshments of ice-cream and cake
were served.

Miss Stella Geis won a book for
high score. The guests included:
Mrs. H. A. McPherson, Mrs. R. Vin-
ton of Los Angeles, Mrs. C. H.
Thompson, Mrs. J. H. Southard, Mrs.
W. N. Rathbun, Mrs. H. G. Hosford,
Mrs. H. B. Fletcher, Mrs. Reed
Housis, Mrs. Eunice Young, Mrs.
Fred Deal, Miss Stella Geis and the
hostess, Mrs. John Robert White.

A GOOD LIVESTOCK FARM

can be made a very profitable proposition. Many a man has become independently rich by cultivating cattle, sheep, beef, hogs, poultry, etc. Our properties will provide you with such an opportunity. Look into them.

Kelly & Van Arsdel

106 W. Colorado, Corner Brand
Phone Glendale 1411.

Locals and Personals

The Hoyt family are on an out-
ing to Mt. Whitney.

Mr. Stines of 1214 East Broad-
way is building a sleeping porch.

Mr. Dennison of Mira Loma street
was a Wednesday evening visitor at
Redondo Beach.

Mrs. Houck of Los Angeles came
up to 1128 Broadway to look after
business affairs Wednesday.

Mrs. Pierce and children of Oak
street were afternoon guests at 1123
East Broadway Wednesday.

Mr. Stoll and wife are moving in-
to their new home on West Wilson
which they recently purchased.

Dr. and Mrs. Colin Cable of 505
South Columbus avenue spent sev-
eral days at Long Beach recently.

Mr. Thompson was a guest of the
Tingle family, who are house guests
at 1119 East Broadway, on Monday.

Mrs. D. R. Mattiesen of 462 West
Maple avenue has as her guests for
the week Mr. and Mrs. Hatch Lord
and son Edward of Pasadena.

Mrs. H. L. Simpson and children
have just returned from Laguna
Beach where they spent a week. Mr.
Simpson spent the week-end there.

G. B. Singleton of 318 West Wil-
son avenue, accompanied by Mr. and
Mrs. C. R. Peterson spent last Sun-
day at Long Beach. They motored
down and had dinner there Sunday
evening.

Mrs. Samuel Dick of 130 North
Orange and Mrs. J. B. Sherwood of
257 West Broadway will attend the
regular meeting of the American
War Mothers this afternoon at the
Triangle room of the Y. W. C. A.

Jacqueline Young, daughter of
Mr. and Mrs. R. L. Young of 1097
North Brand boulevard, is enjoying
a visit with her cousin, who is
spending the summer at Hermosa
Beach.

Mr. and Mrs. T. B. Ashton of 614
South Central avenue are pleased to
have as their houseguest their son,
A. Ashton, of Astoria, Oregon who
has recently been visiting at Cata-
lina Island.

Dr. and Mrs. R. C. Lane of 120
West Doran street are enjoying a
month's camping trip near Bishop.
During their absence their residence
is being occupied by Miss Anna
Clark of Lancaster.

Mr. and Mrs. J. F. Swisher of 336
North Orange street have just re-
turned from a seven weeks' camping
trip at Santa Monica canyon. They
camped out and attended the Meth-
odist camp meeting.

H. A. Matthiesen of 825 South
Adams street left Thursday evening
for Parlier, where he will be joined
by J. H. Lohman and other friends.
They will then leave on a ten days'
hunting trip in the northern part of
the state.

E. D. Jones of 118 Fairview and
two nieces, Mrs. Heppensall and Miss
Edith Hounsell who make their
home with him, left yesterday for a
fortnight's stay at Laguna Beach.
They made the trip by machine and
have taken a cottage there.

Little Edna Palmer who was seri-
ously injured on Monday of this
week when a 9000 pound truck ran
over and mangled her right leg, was
operated on Wednesday at a Los An-
geles hospital and it is reported that
she is getting along nicely.

Mr. and Mrs. William Sullivan of
643 North Jackson street returned
last night from a two weeks' vacation
spent at Balboa. They motored
down to the beach resort and took a
cottage on the ocean front. Most of
their time was spent in swimming
and fishing. Mr. Sullivan states that
he made several good catches of fish
while there and that they had a
very pleasant time.

A party of Glendale folk who
spent an enjoyable week at Little
Bear lake consisted of D. L. Stur-
gess of 310 North Cedar street, Miss
Hazel Bell Sturgess, Miss Margaret
Sturgess, Miss Stella Larson and
Mrs. G. J. Oliver and two sons. They
made the trip by automobile and
camped out. While there they were
caught in a big hail storm and the
mountains nearby were covered with
hailstones.

Mr. and Mrs. W. E. Evans of 333
North Orange street returned Wed-
nesday evening from a very pleasant
two months' vacation at Hermosa
Beach. Mrs. Evans is much im-
proved in health since her stay at the
beach city. Miss Mayme Lee Evans,
sister of Mr. Evans, and who had
been their guest until the latter part
of July, at which time she left for the
east, has reached her destination in
Iowa and will soon begin teaching
school.

Mrs. G. H. Rowe of 216 South
Orange street just returned from a
fifteen-day trip to San Francisco and
Oakland. While there Mrs. Rowe
attended the National W. C. T. U.
convention. She also spent some
time with her son and his wife, Mr.
and Mrs. Laurence Rowe in San
Francisco and the G. F. Latter fam-
ily and Mrs. C. E. Reed of Oakland,
all formerly of Glendale. Mrs. Rowe
stated the weather in the bay dis-
trict was considerably cooler than it
is here and there was not a day that
they could go without coats. She
made the trip up on the train but
came back by boat and reports a de-
lightful time.

Locals and Personals

Mrs. T. D. Lowell of San Fran-
cisco, daughter of Mrs. M. F. Foster
of 236 North Louise street, is visit-
ing here for a week or ten days.

Mr. and Mrs. A. D. Smith of Pasa-
dena are among the newcomers to
Glendale. They are now located at
208 East Maple avenue.

B. S. Burlingham of El Centro is
the house guest of his daughter, Mrs.
James G. Lyons of 122 West Palmer
avenue.

Mr. and Mrs. J. D. Camerer of 311
West Garfield avenue left Wednes-
day morning for San Diego, where
they will enjoy a few days' outing,
returning Monday afternoon.

Mrs. Pearl G. Curran of 471 Ivy
street entertained at her home yester-
day Mrs. Max Hepsley and daughters,
Maxine and Sallie of Alhambra, for-
merly of Glendale.

Mr. and Mrs. E. Schuyler and fam-
ily of 330 Ivy street, accompanied by
Ernest and Herbert Brown, will
spend the week-end at Santa Monica
with Mrs. A. I. Rogers, who has been
visiting at the Schuyler residence.

Miss Mildred Singleton of 318
West Wilson avenue motored down
to Venice and spent Sunday with girl
friends from the Southern Branch of
the University of California, who are
vacationing there.

Alberta M. Green, formerly of
Lindsay, Cal., and teacher of piano
is opening a studio at 213 North
Isabel street, September 12. Al-
berta Green was a pupil of Vernon
Spencer of Los Angeles and had
large classes of pupils at Lindsay.

Mrs. C. L. Marlenee of 301 South
Central avenue and Mrs. C. A. Par-
ker of 212 North Orange street will
be guests at a tea to be given in Los
Angeles this afternoon by Miss Ina
Whitaker in honor of Mrs. F. P.
Newport.

Mrs. Nanno Woods of 122 West
Milford street is in receipt of very
happy letters every day from her
daughters, Dorothy and Kathleen,
who are in San Francisco at the Or-
pheum theatre dancing with the Mor-
gan dancers. After filling an engage-
ment there they will dance for two
weeks at a Los Angeles theatre. Miss
Dorothy Woods will go east with the
company. Miss Kathleen Woods is
substituting for another dancer and
will remain in Glendale for the com-
ing year instead of going east.

Locals and Personals

Miss Winifred Jones, daughter of
Mr. and Mrs. Mattison B. Jones of
this city, who are spending the sum-
mer at Hermosa Beach, has returned
from an eastern trip. She visited in
New Jersey, going by way of Denver,
Chicago, and also stopping over at
other points.

Mr. and Mrs. William Van Osdel
and two daughters, Emily and Dor-
othy, of 341 West Elk avenue re-
turned yesterday from a week's trip
to Exeter, California, where they vis-
ited their son and his wife, Mr. and
Mrs. Bert Van Osdel, and friends.
They made the trip by automobile.

Mr. and Mrs. Merritt Brown and
daughters, Betty Jane and Bobby of
220 North Maryland avenue, are
leaving tomorrow for Missouri for a
several months' visit. Mr. Brown
will remain only two weeks, but the
remainder of the family will stay for
some time visiting the grandparents
of Mrs. Brown.

La Crescenta Notes

The LaCrescenta Improvement as-
sociation held its regular meeting at
the school auditorium Thursday eve-
ning. The meeting was presided over
by President F. K. Czerniski. In
the absence of Secretary C. E. Cul-
bertson, George Dunlop officiated.
There were a number of members
from the LaCanada Chamber of
Commerce present and the formation
of an irrigation district was dis-
cussed.

Com A. Scribner, representing the
Moon Festival of Tujunga, gave an
interesting talk and the association
voted 5,000 votes to be cast for Miss
Mary Begue for queen of the Moon
Festival.

Rev. L. L. Davenport, who leaves
for Hemet Saturday where he ac-
cepted a call from the First Baptist
church, was the guest of honor at a
welcome roast last Monday evening at
the home of Mr. and Mrs. E. Angier
of Randsdale avenue, the hosts being
the Sunday school class. Among the
guests were Mr. and Mrs. E. Angier,
Rev. C. E. Kelso, L. A. Potter, Mrs.
E. Karry, Robert Potts, Archie Da-
vids and Lawrence Potter, Stewart
Collins, Neal Darby, Walter Smith,
Ernest Steere and Herbert Coke.

Miss Rosa K. Burkey, who has
been the guest of her parents, Mr.
and Mrs. T. Burkey of Los Angeles
avenue, returned to her home in
Tulsa, Okla., last Saturday.

Ex-Congressman James McLachien
spent Sunday at Hi-Up ranch visit-
ing his grandchildren, Dorothy Ann
and Margaret Jean Bissell. Mr. and
Mrs. H. S. Bissell are enjoying a motor
trip through the northern part of
the state.

The Johnson-Sells Lumber com-
pany of Montrose purchased another
lot and are enlarging their plant.

Dr. Gavin J. Telfer and family of
Honolulu avenue returned last Sun-
day from a three weeks' motor trip
through the northern part of the
state.

Dr. C. F. Brown, son of Mr. and
Mrs. W. L. Brown of Montrose, re-
signed his position as surgeon at the
Emergency hospital at San Pedro and
will leave September 3 for
China. Dr. Brown will be second in
charge of the Presbyterian Tooker
Memorial hospital in Siangtan Hun-
an Province, China. This hospital
was founded twenty-five years ago
by Dr. Tooker, who is now in this
country recuperating from many
years' strenuous work. Dr. Brown
will take Dr. Tooker's place at the
hospital, which is one of three in the
Hunan Province of forty million peo-
ple and the only hospital in the city
of Siangtan, which is a little larger
than Los Angeles.

Mr. and Mrs. F. K. Czerniski,
daughter and son motored to San
Diego for the week-end.

The local school bonds were
bought by the Citizens' National
bank of Los Angeles.

Mrs. R. A. McDonald and daugh-
ter, Miss Betty, left for Pittsburg last
Tuesday.

C. L. Mead of Montrose is improv-
ing his oil station by putting in two
new pumps.

Mrs. A. Etterson of San Diego is
the house guest of Mr. and Mrs. C.
E. Culbertson.

Exposition Sidelights

When Fred Jamison sings "Mam-
my"—and he warbles it quite often
at the exposition—the audience ap-
plauds wildly. They must like that
song.

AND IRENE INGLE CAN HIT
HIGH NOTES THAT MAKE EV-
ERYONE CRANE THEIR NECK TO
HEAR THE BIRDLIKE VOICE.

Mother's favorite macaroons have
made a great hit with the exposition
crowds. Get your sample of this
sweet cookie tonight!

"Glendale's Own" Company of
National Guards were guests last
night at the exposition. Elks were
quite prominent in the crowd, too.

ANOTHER DROP IN PRICES ON FORD IS EFFECTIVE

Dealers Will Have to Stand
Loss; Increase in Demand
for Cars to Result

(By United Press)

DETROIT, Mich., Sept. 2.—Edsel
Ford, president of the Ford Motor
Car company, today announced an-
other reduction in prices of all mod-
els of Ford automobiles and trucks.
This is the third reduction in twelve
months and the new prices, which are
effective immediately, average \$70
lower than before, even those of
1917. Slashes range from \$45 for
runabouts to \$100 for sedans and
coupes.

Costs Jesse Smith \$2,000

Jesse E. Smith, local agent for
Ford motor cars, states that this
drop in prices will cost him about
\$2,000 as he has thirty-five cars in
stock. It is Mr. Ford's policy, he
adds, that the dealers share losses
as does the factory in all reductions.
However, this move is expected to
greatly increase sales as it brings
the Universal car within the reach of
all. It is improbable that any fur-
ther reduction will be made.

Prices Effective Today

The following prices on Ford cars
and trucks, F. O. B. Detroit, are ef-
fective today, Mr. Smith announces:
Touring car, regular, \$355; touring
car with demountable rims, \$380;
touring car, starter, \$425; tour-
ing car, \$450; runabout, regular, \$325;
runabout, with demountable rims,
\$350; runabout with starter, \$395;
runabout, starter and demountable
rims, \$420; chassis, regular (for
light delivery cars), \$295; chassis
with demountable rims, \$320;
chassis, starter, \$365; chassis, starter
and demountable rims, \$390; coupe,
with starter and demountable rims,
\$595; sedan, with starter and de-
mountable rims, \$660; truck, one-
ton worm-drive, demountable rims,
\$445; truck, demountable rims and
starter, \$515; Fordson tractor re-
mains unchanged at \$625.

Boudoir, Product of Glendale, Feature at Business Men's Show

(Continued from Page 1)

spot light seemed to turn the illu-
minated runway into a ball-room. The
climax of the pretty picture proved
the arrival of Miss Marlowe, wearing
the most elaborate of the jet-
trimmed gowns and a black picture
hat.

Black seems to be the favorite
color for the coming season. Sev-
eral very handsome afternoon gowns
in black satin and canton-crepe were
displayed in the 8 o'clock revue. A
smart little green-jersey riding habit
was another unusual garment that
brought forth a good deal of ap-
plause, a dainty brown satin frock
with satin roses was very attractive,
but the dress that caused the most
comment was a navy-blue tricotie in
the new coat style with a vest and
long, loose sleeves drawn to a tight
cuff made of henna crepe richly em-
broided in gold.

Variety of Styles

The coats modeled showed a vari-
ety of styles. There were the long
fur-trimmed, embroidered coats for
afternoon and evening wear, in
browns and grays, built of Norman-
die and Duvetyn. Smart little short
coats of warm astrakhan, for street
wear, showed a touch of English in
their general cut. The hats worn
with the revue of Webb's Dry Goods
store's dresses and coats were all
taken from Yarbrough's Hat shop,
and showed a myriad of shapes and
colors, though black seemed to pre-
dominate. A small henna-colored
toque built entirely of feathers was
one of the smartest models. Wide-
brimmed picture hats edged with
feathers and monkey fur, quaint lit-
tle period models in plush and silk
with touches of feathers and French
flowers, smart sailors, and the popu-
lar Knox models, almost everything
imaginable in the way of hats was
seen on the runway Thursday night.

French Coat Is Beauty

The most beautiful costume shown
last night in the whole revue, how-
ever, was a French coat model, of
which Mr. Webb is justly proud. It
is a heaver-colored Normandie with
inserted panels of the most elaborate
embroidery, the sleeves are quaint,
bell-shaped affairs edged in fur,
which is also used to make the col-
lar and wide panels for the tuxedo
front. The coat is imported and con-
sidered the finest thing in his stock
this season. It was worn with a rus-
set brown bonnet and held the atten-
tion of the audience as long as it was
on the runway.

The elaborate display of ready-to-
wear garments from Webb's Dry
Goods store is an added argument
for Glendale's "Buy at Home" cam-
paign. When such a selection is to
be had in the home market it seems
almost ridiculous to think of going
elsewhere to choose the winter ward-
robe.

YOUNG FOLK STORY HOUR AT LIBRARY APPRECIATED

Fifty-three Children Attend
Last Saturday; Contest to
Increase Attendance

The children's story hour at the
Glendale public library, which is held
every Saturday afternoon at 3
o'clock, is increasing in popularity.

Miss Leone Shattuck is in charge
of this department and she states
that there were fifty-three children
in attendance last Saturday.

The contest between the boys and
girls to see who can secure the large-
est representation will probably close
this week and the celebration for the
winning side will be the following
Saturday.

Books to be released in the adult
department this week include several
by James Oliver Curwood, as fol-
lows: "The Golden Snare," a story
laid in the snowy wastes of the north-
land and full of thrilling adventures;
"The Flame Forest," another grip-
ping northern story; "The Wolf
Hunters," a story of adventure in
Canadian wilderness; "Isobel," a
love story of the far north; "The
Gold Hunters," a stirring story of
life and adventure in Hudson bay
wilder.

Love Of Girl For Horse
"Wild Fire," by Zane Grey is a
story based upon the love of a girl
for a horse.
"The Roof Tree," by Charles Ne-
ville Buck, shows the power of love
over a boy whom strong men of two
generations cannot influence. He
aspires and succeeds but loses love;
wins it back again and this makes it
a stirring book.

"The Heart of Thunder Moun-
tain," by Edfrid A. Bingham, is a
strong, wholesome western story full
of love and emotion.
"The Valley of Giants," by Peter
B. Kyne, is a story of the California
redwood forests, full of adventure.
"Rainy Week," by Eleanor Hollo-
well Abbott is a delightfully surpris-
ing and whimsical book.

way, Sherrod's Specialty shop was
showing the most gorgeous things
imaginable in mandarin suits, those
comfortable Oriental garments that
are threatening to oust, the trailing
negligee as a morning or boudoir
garment. The mandarins were made
of purple satin with wide bands of
Persian ribbon. Another model in
black satin with elaborate gold em-
broidery attracted much attention.

Different styles in pajamas, fea-
turing the popular pongee garments
with dainty blue and pink frogs as
the only ornament, were also worn
by Miss Eva Novake. New things in
tucked net vests and brocaded bras-
sieres were displayed in Sherrod's
booth.

See Inside Of Velie Car
The x-ray Velie was installed in
C. A. Wishart & Son's display yester-
day and it affords everyone the op-
portunity of knowing everything
about a motorcar. C. R. Anderson per-
sonally explains the desirability and
durability of the car while the
crowds see the mechanism for them-
selves.

Delightful Hostesses

Mrs. H. B. Clarkson, assisted by
Mrs. Jennie Gregg, are the ladies
who pour Ben Hur coffee each after-
noon and evening for the multitude
who visit the Glendale Grocerteria
booth. Really, they are delightful
hostesses and their coffee—well,
taste it yourself.

MINUTES OF CITY COUNCIL

Following are the minutes of the City Council, in session last night, as prepared by City Clerk J. C. Sherer:

Council assembled at 8:20 p. m.; all members present. The minutes of the regular meeting of August 25th and of the special meeting of August 30th were read and approved.

Bids for Water Pipe
 In accordance with advertisement calling for same, bids were opened at 10 o'clock to supply the city with water pipe and fittings. Bids were opened, read and publicly declared from the following bidders: Warren & Bailey company, Water Works Supply company, United States Cast Iron Pipe & Foundry company, Chapman Valve Manufacturing company, Crane company, Llewellyn Iron Works, Western Pipe and Steel company, Los Angeles Manufacturing company, Keystone Iron and Steel Works (accompanied by bond), Grinnell company, Lacy Manufacturing company, and Baker Iron Works. Bids were referred to the city manager to report upon at the next regular meeting of the council.

Bids on Sewer
 In accordance with notice calling for the same sealed proposals for the construction of the sanitary sewer in Municipal District No. 3 were ordered to be opened at this time. The following bids were opened, read and publicly declared:

Peter L. Ferry, E. L. Planico, Nelagenebich & Gillespie, Leo Mile-tich, Sidney Smith (accompanied by certified check), P. S. Tomich, John Sutalo.

All were referred to the city manager to report upon at the next regular meeting of the council.

Invitation to the Council
 A representative of the California Glazed Cement Pipe company was present and invited the members of the council to visit the works of that company in the near future.

Mr. Schneck's Complaint
 Mr. Schneck appeared before the council and desired to know what action that body proposed to take in regard to enforcement of the city ordinance in regard to sanitary condition. He was informed that in the case referred to over one year has elapsed since the offense was committed and action is therefore barred.

Permit to Conduct Dances
 M. Hubert McCann made application for a permit to conduct a dance every Saturday night at Pearl Keller studio. On motion of Trustee Lapham the permit was granted.

Permit for Franchise
 Lorin G. Babcock and Elwood M. Ingledue presented an application asking for franchise permitting them to furnish the city of Glendale with certain permanent sheet iron conductors to be used by the public for the deposit of fruit peelings, waste paper and other refuse. The outside of the

containers to be for advertising purposes. Referred to the city manager and chairman of the public welfare committee.

Application for Position
 Robert T. Hamilton made application for the position of building inspector. The same was referred to the city manager.

Permit Granted
 B. G. Jackson made application for permit to install and maintain a garage and filling station at 1600 South San Fernando; the same being approved by the city manager was on motion granted.

By Private Contract
 Permits to do street work by private contract were granted as follows: C. W. Wilson, cement sidewalk on East side of San Fernando road between Park and Garfield street; Harry Blumenthal, cement sidewalk, 10 feet wide in front of 114 South Brand boulevard; J. W. Henderson, cement sidewalk northeast corner of Glendale avenue and Harvard street.

Lot Cleaning Assessment
 The city clerk called attention to lot cleaning assessment against a part of lot 11, block 13, Glendale boulevard tract, which property has been recently subdivided and some confusion is being caused by the fact that the assessment did not appear upon record until July 1st. Communication ordered to be filed.

Report on Dunn Case
 The city marshal made a report in regard to the charge against Mrs. Dunn for breaking an electric light standard at Broadway and Kenwood. Upon motion of Councilman Davis the bill of \$12.31 charged against Mrs. Davis was ordered to be remitted.

Kelly Water System
 City manager presented a communication in regard to proposed purchase of the Kelly Water system. Making certain recommendations in regard to the same, and on motion of Councilman Stephenson the communication was referred to City Manager Reeves.

Stage Line Transfer
 City manager made a report on the transfer of H. A. Wilson's interest in the Pasadena-Ocean Park stage line to Webb, Hendricks and Hamilton, stating that he had looked into the matter and find that the requirements of the ordinance governing the same have been complied with and he recommends that the transfer of permit be made. The recommendation of the city manager was concurred in and permission for transfer was granted.

Transfer of Funds
 On motion of Councilman Stephenson it was ordered that the sum of \$5000 be transferred from the public service fund to the general budget fund as a loan, by roll call.

Pipe Line and Meter
 On motion of Councilman Davis it was ordered that the sum of \$3,500 be appropriated from the board, water works, and electric light fund for the installation of pipe line and meter at the Verdugo road reservoir in accordance with recommendation of the city manager, by roll call.

Widening of Los Feliz Road
 On motion of Councilman Kimlin, Councilman Davis and the city manager were requested to confer with property owners between San Fernando road and Central avenue in regard to the widening of Los Feliz road.

Measure for Fire Protection
 The city manager made certain recommendation in regard to regulations for the prevention of fire in Verdugo Canyon and the slopes of the hill adjoining and a motion of Councilman Kimlin was adopted referring the matter to the city attorney to draft an ordinance in accordance with recommendations.

Patterson Avenue Park
 The city manager reported having had a communication from the Chamber of Commerce in regard to Patterson Avenue park, and on motion same was referred to committee of the whole.

Recommended for Appointment
 The city manager presented a letter from Malcolm McLaren recommending Mr. Stein as an applicant for the position of city marshal.

Petition for Improvement
 The city engineer reported that the petition filed with the council asking for the improvement of the parking of Maryland avenue north of Dryden street was signed by property owners representing 75 per cent of the frontage. On motion of Councilman Stephenson, city attorney and engineer were instructed to draft the necessary proceedings for the improvement.

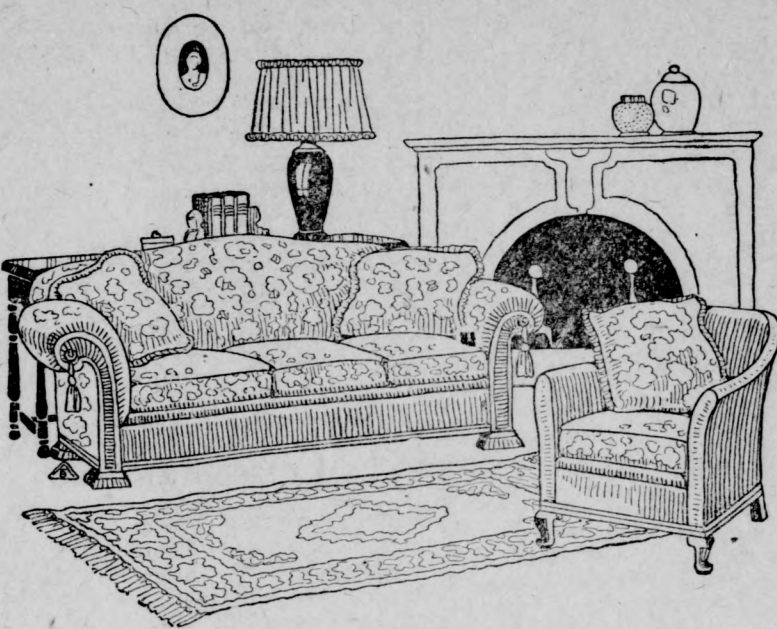

Improvement of Orange Street
 In regard to improvement of Orange street previously referred to him the city engineer made certain recommendations in regard to sidewalk and on motion of Councilman Stephenson it was ordered that the recommendation of the engineer in this particular case be adopted. All voting aye.

From City Attorney
 City attorney presented the council with communication in regard to instructions given him to draft ordinances relieving the council from the necessity of passing applications for various permits. He stated that he had gone over the existing ordinances and as a result suggested that a general ordinance be passed conferring upon the council all the powers regarding applications which had been previously conferred upon the board of trustees.

Changes in Ordinances
 A motion of Councilman Stephenson was adopted ordering Ordinance No. 433 be amended giving authority to the city marshal to grant permits, instead of requiring application to the city council; the action to be approved by the city manager. The roll call, all voted aye.

On motion of Councilman Stephenson it was ordered that Ordinance No. 363 conferring permits to do street work by private contract be amended so as to authorize the street

superintendent with the approval of the city manager to grant the same.
 A motion of Councilman Stephenson was also adopted that section No. 7 of Ordinance No. 390 be amended so that permits for the removal of single trees may be issued by the city forester with the approval of the city manager.

A motion of Councilman Stephenson was also adopted that the city attorney prepare an ordinance amending Ordinance No. 411 providing that no more permits for the installation of curb pumps shall be issued.

A petition was presented signed by W. F. Anderson and other property owners asking that the necessary proceedings be taken for the improvement of Harvard street between Pacific avenue and Kenilworth street. Referred to city engineer.

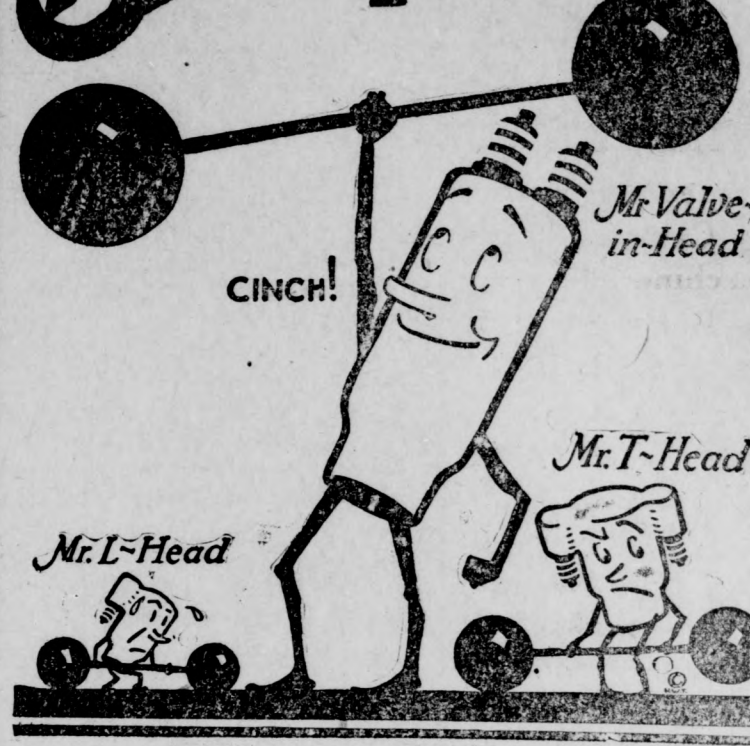

Ordinances Introduced
 Councilman Davis presented an ordinance which was read and ordered to be laid over. "An Ordinance Providing for the Exercise by the Council of Powers heretofore conferred upon the Board of Trustees."

Councilman Kimlin presented an ordinance which was read and ordered to be laid over. "An ordinance approving the annexation to the city of Glendale of certain territory known as Sierra avenue district."

Councilman Lapham introduced an ordinance which was read and ordered to be laid over. "An Ordinance extending the time for the filing of an action to condemn the land necessary for the opening and laying out of a portion of Garfield Avenue."

Councilman Davis presented an ordinance which was read and ordered

The Ranchman's Story

Cattle by the thousands were starving on the blizzard swept ranges. Between them and Newcastle, Wyoming, the nearest town, lay an 80 mile trail blocked with eight foot snow drifts. The temperature was 15 below zero.

Newcastle citizens were making a heroic effort to save the herds with a relief train of eight provision-laden trucks.

Suddenly a murmur of dismay arose. "The trail, the trail! How can we break the trail? No car that was ever built can do it." "My car can do it," said C. E. Tidd, owner of a Buick Roadster—and he did it.

Back and forth he plowed along the 80 mile trail for sixteen consecutive hours, hitting drift after drift on high gear and shifting to second the instant the car recoiled at the force of the shock. On he went, at times miles ahead of the trucks, battering down the huge drifts with the nose of his Buick, sometimes churning the snow until his car was almost out of sight. Sixteen hours later the starving cattle were munching hay.

This feat is now history among the cow men of Wyoming who have named Tidd's Buick "The Trail Breaker."

ing the rates of taxes and levying taxes for the fiscal year, beginning July 1, 1921." By roll call.

Vacations Granted

Request of Councilman Lapham for a vacation of one week was granted. Councilman Stephenson announced that he would also be absent from the city and from his place of business during the coming week.

To Meet With Citizens

On motion of Councilman Lapham it was ordered that on September 14, next, the members of the council will meet with the citizens of Elk avenue and Oak street for a conference in regard to certain improvements.

Instructions to Engineer

On motion of Councilman Kimlin the city engineer was instructed to furnish the council with the names of the streets and distances requiring lateral sewer pipe lines in municipal district No. 4. Adjourned.

LISTEN, OLD HAT

If your back is sore and weary
 From long sitting in a chair;
 If your joints are getting rusty
 And rheumatics make you swear;
 If the jills of age assail you,
 Or you're getting far too stout;
 If your knees are getting wobbly
 Or you're troubled with the gout;
 If your head is getting shiny
 On the place your hair should grow;
 If the little things annoy you
 And make you suffer so;
 It's time you took a tonic—
 Get out, yell, and make a noise;
 Take a day off from your labors
 And spend it with the boys.

PARADOX SIMPLES

I know there are men on this roomy planet who told their wives the truth before marriage.

But—I'd hate to have to find them.

I know there are women existing somewhere who'd rather wash (ipse) than marry wealthy.

But—you know the relation of needle to haystack.

I know there are normal kids in our now desert land who'd rather read Homer than go to the movies.

But—they haven't been born yet.

I know that the Flaming D'Annunzio would comb and brush his hair if he had any.

But—I'd rather have you ask him.

I know there are a number of feminine fellows who'd like to see tobacco banned.

But—they certainly hide their identity.

WE WENT RIGHT BACK
 A friend of mine the other day,
 Who's been a long, long time away
 In some such place as Paraguay
 Or China,
 Returned. He'd made a wad in gum
 Or Chinese hemp, and thought he'd come
 Back to the States, where life was
 some—

What finer.
 In quest of mirth I took him to
 A place where they sell rare home-
 brew
 (It's ninety proof, 'twixt me and
 you, Regina).

Ingratitude, thy name is J—!
 No word of thanks the man did say,
 He went right back to Paraguay—
 Or China.

FALL SHOE STYLES FOR MEN PROVIDE COMFORT FIRST

Oxfords Popular Even When Weather Is Cold; Button Models Are Very Few

By CHESTER FEITEL
THE INCREASING reluctance men are showing to discard oxfords even in cold weather originally occasioned the necessity of a heavy model that fattered the brogue. Although the vogue was originally intended for oxfords, the treatment has extended to shoes. Heavily ornamented, they produced a novelty in men's shoes that was very acceptable after the exclusive supremacy of ultra-conservative English walking models. So popular did the style become that it was retained through the entire summer, and now is advanced from the novelty class to a staple fashion that will probably continue as a fall shoe requisite.

Comfort Important Factor

Their roomy lasts and square tips are so comfortable and easy on the feet that this influence is noted in all of the favored shoe fashions. Even the exclusive English models are displaying more rounded toes following the natural lines of the foot.

Brown is the popular color for fall. Russet and cordovan shades are preferred as a compromise between the very dark browns and light tans.

Black, dull and gun-metal finishes as ever retain their position of correctness in all seasons.

Few Button Models Shown

Not many button models are to be worn. A few patent leather ones with kid tops are displayed for strictly formal occasions.

More favored than the button models are patent oxfords with light hand turned soles for dress wear.

Spats are worn with these, giving the necessary protection from the cold and producing a very smart effect. For use in this connection the lighter shades of fawn, tan, pearl and beige are employed, but for more ordinary wear dark gray, brown and black spats are preferred.

Two-tone effects are rigidly avoided by the discriminating dressers.

Roomier Lasts Favored

A word more about the more familiar and established English walking shoes. They are of a simple refined vogue and always retain a place of their own in shoe fashions, varying but slightly in their general characteristics. The past seasons induced a more exaggerated pointing but the roomier lasts of the fall styles have re-established the more natural dignity that marks these models.

The tendency to "square-toes" and more generous lasts is one to be encouraged, as it will produce a beneficial effect on men's feet, besides furnishing a more natural and graceful shoe.

UNCLE JOE MAKES DENIAL

WASHINGTON, D. C., Sept. 2.—"I'm no quitter," declared Uncle Joe Cannon today in denying reports that he intended to retire from congress at the end of his present term. The former speaker of the house who is now in his eighty-sixth year and who has represented the Eighteenth Illinois district in congress for twenty-three terms, coming to congress in 1872, was not disturbed over the report. He leaned back in his chair and smoked one of his famous long black cigars while waiting for his secretary to type off a statement.

Russian Fleet Will Blaze Trade Route In Arctic, Is Plan

By LLOYD ALLEN
United Press Staff Correspondent
LONDON—Under command of the veteran Polar navigator, Captain Otto Sverdrup, a \$5,000,000 flotilla of specially equipped ships is ready to start from England, Germany and Sweden into the dangerous, all-but-uncharted water of the Arctic ocean, carrying cargoes of essential commodities for the people of far away Siberia.

This expedition is being engineered by the All-Russian Co-operative Society of London, better known as Arcos, the purchasing organization of the Russian Soviet government. George Solomon, a director of Arcos, in an exclusive interview with the United Press, frankly explained that the hazardous undertaking is an experiment—it may not succeed.

Though every known precaution is being taken in order that the mysterious northern route into Greater Russia may be opened to commerce of the west.

The ships are carrying a thousand and one different articles of everyday trade in America and Europe. But when the stuff is unloaded in the ice-clogged deltas of the Obi and Yenesei rivers—far above the Arctic Circle—every article will virtually be worth its weight in gold, because the people of Siberia have been cut off from the western world for a long time and are in urgent need of supplies of tools, household implements, agricultural machines and so forth.

Will Bring Out Furs

Returning, the ships will bring out valuable Siberian furs, that are now being shipped to the Obi and Yenesei deltas by agents of the Soviet government at Moscow.

"From the time the boats start, we shall be in daily touch with every one of them by wireless," said Solomon.

"Three boats will leave Liverpool in August. Simultaneously, another ship departs from Gothenburg and two more from Hamburg.

They will rendezvous at Murmansk, where we intend to obtain an ice-breaker ship, which would be invaluable should the flotilla encounter frozen seas.

"Approximately 1,000 workers are now on their way to unload the boats. As a special inducement to these men we are sending on the ships some American preserves, also numerous household articles, such as needles, thread, also sugar and tea.

"The boats should get back to western Europe in two and a half to three months' time. But they are prepared to remain six months if necessary."

Outward bound, the flotilla will carry 13,000 tons of railroad material, enameled kitchenware, agricultural machinery, axes, padlocks; in fact, a rather general line of hardware.

Included in the list are 3,000 sporting rifles and accompanying ammunition for the fur hunters of Siberia.

'HOME RULE' IS DECLARED

LONDON, Sept. 2.—"Home rule" has been proclaimed by rioting Hoplah tribesmen in the Malabar district of India, where the situation was reported to be critical. A green emblem has been hoisted at Pallipu. Repressive measures of a most severe character may be necessary, was stated here, owing to the fanatical character of the rioters, who are of Mohammedan descent. Already nearly a score of Europeans have been massacred and forty casualties are reported in the native regiments and Leinster troops. Nearly a million Hoplahs are said to be back of the "home rule" movement. Martial law has been declared throughout the affected area.

PREDICTS COTTON FAMINE

NEW YORK, Sept. 2.—A veritable cotton "famine" was forecast today by Theodore H. Price. This, he declared, would result from the shortage of the present American crop, together with exhaustion of the "carry over" through reopening of the textile mills.

BANK THIEF TAKES \$4000

SEATTLE, Sept. 2.—A lone bandit, entering the Green Lake state bank here, robbed the bank, after binding the janitor and locking the cashier in the vault. He escaped with \$4000 in bills.

Marrying for money is often as unsatisfactory as marrying for love.

NEW MEXICO IS HONORED

SAN FRANCISCO, Sept. 2.—A big bronze tablet awarded by the president of the United States hung in the wardrobe of the U. S. S. New Mexico today marking the New Mexico the most efficient battleship in the United States navy. It was presented following the annual trials, for efficiency in gunnery and engineering. A big "E" on her smokestack and an efficiency pennant flung from the foremast were other marks of expertness won by the New Mexico. The superdreadnaught Idaho was awarded the right to paint a red "E" on her smokestack for efficiency in engineering.

GLENDALE CAT CLUB TO HAVE CHARGE OF FELINE DISPLAY AT SAN FERNANDO EXPOSITION

**Fred Hendrickson Of This City Announces List
Of Prizes To Be Given; Local Women Attend
Meeting Of Committee Held At Van Nuys**

MEMBERS OF THE GLENDALE CAT CLUB, which organization will have charge of the cat show at the San Fernando Valley Fair on September 19 to 24, are making elaborate plans for the event, which they declare will be the best similar affair ever held in the valley. Fred Hendrickson, who is president of the club, has announced the following list of awards to be given out by the association during the carnival:

Prize of \$5.00 for the winner in each of the following classes: best male cat, best female cat, best sire, best dam, best neuter, best short haired cat and for the largest single exhibit at the show. Also, additional prizes of \$2.50 will be awarded to the prize winner in each class, and \$1.50 will be given to each second place winner. As grand awards the best short haired and the best long haired cats will each win a silver medal.

It has also been announced that the show is to be sponsored by the Cat Fanciers' Federation of New York, and will be a "championship" show. It is expected by the officers of the club that two or three cats which have already been entered in the show will receive a "championship," which is considered as being very difficult to obtain, during the coming fair. Any persons interested in the cat show should communicate with Miss C. Grim of Grand View avenue.

Chickens Will Be There

Another important feature of the San Fernando Valley Fair will be the National Poultry Show of the American Poultry association, which will be the first to have been given this year in the state of California. The official importance of the poultry and pet stock exhibit to be held in connection with the fair is responsible for the fact that it is attracting exhibits from all parts of Southern California and also from the northern part of the state. According to E. I. Drummond of Riverside, who is recognized as a successful promoter of poultry shows, the coming event will be the largest and most important poultry show that has ever been held in the southern part of the state.

Premiums to the amount of \$3000 will be paid in the poultry department alone, which is probably the principal attraction that is prompting Southern California poultrymen to send their entry blanks to the fair authorities. Besides the showing of fancy birds, it has been announced

that ample attention will be paid to the utility classes, so that more local poultry breeders will have a chance at the prizes.

Great Night Show of Horses

The big fair grounds at San Fernando are rapidly being transformed into the largest arena in the United States, which will be constructed to house a \$1000 night horse show and also the stock parades and stock judging. The construction of the arena allows for 110 private boxes below the regular seats, each of which will provide for a six-foot promenade.

A few of the other many departments that will feature the San Fernando Valley fair are the Southern California Live Stock Show, tractor demonstration with complete power farming exhibit, agriculture and horticulture exhibit and the various exhibits of the public schools of Southern California.

Glendale Women Present

The general committee of women for the San Fernando Valley fair held a meeting Wednesday at the Van Nuys clubhouse and discussed plans and arrangements for this big event. Those from Glendale who attended this meeting included Mrs. Ella Richardson, Mrs. Evelyn Labadie, Mrs. Colin Cable and Miss Eva Daniels.

Mr. Malin, treasurer and auditor of the San Fernando Valley fair, told of the wonderful exhibition of cattle which will be held. He also stated that there will be 150 of the finest polo, driving and high class horses to be found west of Chicago, and that possibly "Lou Dillon" and "Olive" will be entered.

"There will be all kinds of stunts in the air during the fair. There will be a continuous aeroplane trip of ten hours from the fair to San Luis Obispo and Bakersfield and return.

"Mr. Bassett of San Luis Obispo will drive a horse from that city to the fair, and will be paged at every station on route.

Midway Shows to Attract

Mr. Malin also stated that the midway shows will all be of the highest class and will contain nothing which would be offensive to anyone. There will be open air dance halls run by the American legion and a band of twenty-five pieces will give free entertainment. There will also be a colored minstrel show, which will be free.

"Tuesday, September 20, has been designated as 'Glendale Day.' During the fair," Mr. Malin stated, "it has been predicted that there will be more than 100,000 people in attendance.

"There will be fifty silver cups given away at the poultry show. These will be on display in Glendale sometime before the opening of the fair.

"Four cars of fancy stock have been sent to the state fair at Sacramento, with a large sign on the cars advertising the San Fernando Valley fair."

Mr. Malin also stated that every convenience will be provided for the guests, and that there will be adequate protection for the crowds from pickpockets and so forth.

Mr. Connor, secretary of the San Fernando Valley Chamber of Commerce, was also present at the meeting and spoke about some of the special attractions to be provided at the fair.

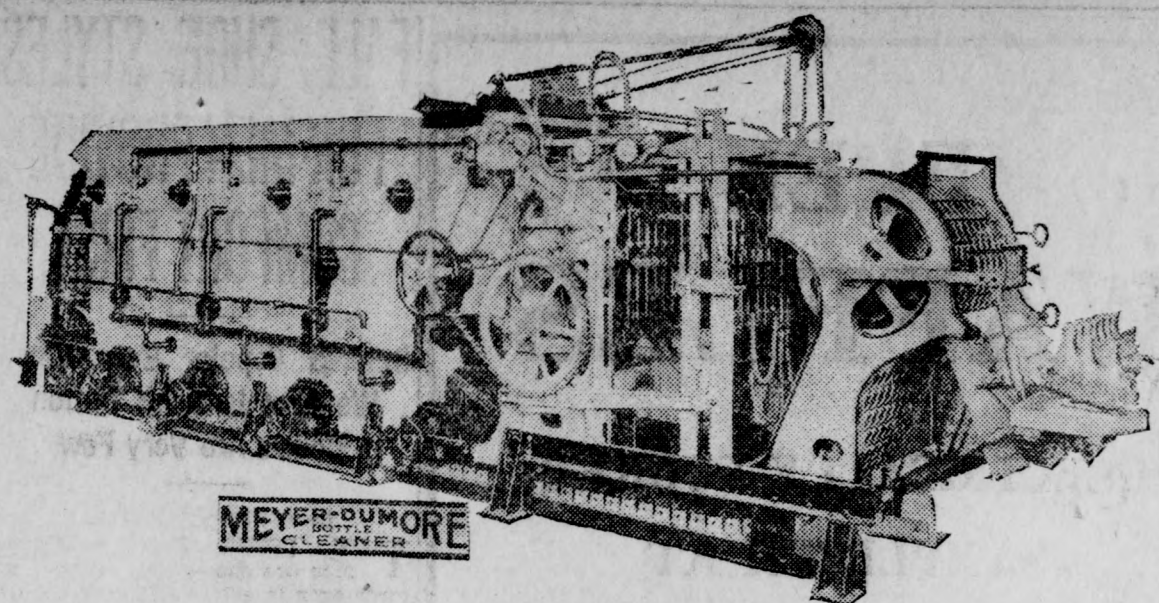

SOCIETY BALL MURDER

FREEHOLD, N. J., Sept. 2.—New York and New Jersey society was thrilled by the sensational killing of Cecil Arthur, Manhattan society man, at a fancy dress ball at the Allenhurst hotel near here. Because a Chilean youth attempted to "cut in" on his fair partner, Arthur, after remonstrating with him, was struck on the jaw and fell, fracturing his skull.

GLENDAL E PEOPLE IN CHILD WELFARE CAMPAIGN IN CHARGE CATHOLIC CHARITIES BUREAU

Mrs. Carrie Farrell And Leo McMahon Chairman
Local Teams; Mrs. Frank Salmacia Directs
Dressing Of Attractive 'Orphan' Dolls

THE CHILD WELFARE CAMPAIGN, under the supervision of the Bureau of Catholic Charities, began its active drive for funds Thursday, September 1. The drive is to cover all classes and creeds, as every citizen in the district is directly or indirectly benefited by the work accomplished by the bureau in preventing disease and crime and making worthy American citizens of the needy children of southern California, it is explained.

Mrs. Carrie Farrell and Leo McMahon are chairmen of the Glendale teams, ten captains will work under each of them in canvassing the city and circulating the blank checks, made out to the bureau. They plan to give every man and woman in Glendale an opportunity to contribute toward the betterment of the community and are already meeting with much encouragement and co-operation on the part of the business men and public spirited citizens.

Ramona Institute, under the direction of Mrs. Frank Salmacia, has dressed over 100 cunning little handmade dolls for the "Orphan Doll" sale that is to go on throughout the campaign, and many of the cunning little "orphans" have already been purchased by Glendale mothers for their children.

Mrs. J. O'Neill Farrell and other active workers in the Altar Society are lending their services as well as H. V. Henry, Jesse E. Smith and George McLaughlin, and other members of the Glendale Knights of Columbus and the Holy Name Society.

Happiness and Health
Co-ordinated under the Bureau of Catholic Charities are some eighteen or twenty philanthropic and charitable institutions which serve to succor thousands of helpless and needy children. The campaign is under the general direction of W. Joseph Ford. Extensive and systematic plans and preparations have been made for the campaign which by its success will mean happiness and health for the many little ones, dependent upon the hearts of a kind and generous hearted public for their benefactions.

Among the score or more of institutions which will share in the campaign fruits is the Los Angeles Orphan asylum, located at 917 South Boyle avenue, where 350 little girls are harbored until good homes can be provided for them as individuals.

Institution at Burbank
Then there is the Mother Cabrini Preventorium at Burbank where children with a predilection to tuberculosis are housed and given a chance to throw off the tendencies to that dread disease.

The clinics at the Santa Rita Settlement and at the Brownson House Settlement provide not only the aid of a staff of prominent professional men to restore health and physical perfection to ill and tortured little bodies, but through the settlement work the boys and girls of the neighborhood are developed into fine and splendid womanhood and manhood.

The Mother Cabrini Day Nursery provides many mothers with the opportunity to earn a living during the day, while their children find a haven in good surroundings with tender supervision.

The St. Vincent de Paul Infant Home provides shelter for the wee babies until they can be placed in private homes for permanent care. Other orphanages are also maintained under the auspices of the Bureau of Catholic Charities, while homes for boys of varying ages are included in the group of institutions which the Child Welfare campaign will serve to aid.

Included also in the list of beneficiaries will be the Old Folks home, at 2700 East First street, Los Angeles, where contentment in their declining years is happily exemplified among the old folk who reside there. Because of the fact that Labor Day and Admission Day are included within the dates first named for the opening of the campaign, the opening of the campaign was advanced to September 1.

Big Meet Is Planned
With this announcement by the executive campaign committee, it is stated also that the event will extend over the period originally designated, closing Monday, September 12, with a monstrous big baseball game and athletic meet to be held at Washington baseball park, Los Angeles.

Boys and girls desiring to participate in the various athletic contests are requested to register their names as early as possible with Charles McHugh, 804 Higgins building, Los Angeles. The contests will include every imaginable character of athletics, principal among which will be the egg and potato races, the sack, wheelbarrow and three-legged races. There also will be a fifty-yard race to which boys and girls under twelve years are eligible, and a seventy-yard race for boys of all ages.

GIRLS KILLED IN CRASH

OAKLAND, Sept. 2.—Leona and Catherine Eckerson, aged eleven and seven years respectively, are dead victims of an automobile accident near Hayward. The machine in which they were riding overturned when it locked axles with another car attempting to pass it. Five others were injured in the wreck. The Eckerson girls were the daughters of Mrs. Edna Eckerson of Augusta, Montana.

San Fernando, Calif.

(The Los Angeles County Fair)

SEPTEMBER 19th to 24th

All Entries Close September 12th

This is our opportunity to show California the full extent of the resources of our wonderful valley.

This valley has had the progressive spirit to finance this wonderful Fair. Now we must organize such an array of the resources of this valley as will show its worthiness to be the Los Angeles County Fair.

This is your opportunity. This year you have the largest Fair to be held in Southern California. Take a trip to San Fernando and look over the Fair Grounds and Big Arena. You will be instantly convinced of the size of this Fair.

You have an opportunity to enhance the value of your stock or poultry at a very low cost.

Make an exhibit and keep this Great Fair in your valley.

San Fernando Valley Fair

E. R. ELKINS, Director, Chamber of Commerce Building, San Fernando, California.

'Dream Street,' Great Griffith Photoplay, Palace Grand Film

With hands that well know their way into the secret pockets of life, David Wark Griffith has built a new tale of love and lovers, which was shown as "Dream Street" at the Palace Grand theatre the first time yesterday.

It is a story of the unusual. The very winds of beauty seem to blow across it. Mystery and high adventure lurk along the dim streets, folded in fog. Lovely and haunting pictures swim before the delighted eyes. The quick action swarms to a sudden suspense. Even the breath neglects its even measure to race with the thrills, and again relax in sympathy with the sighing sweetness of the two lovers, who only know they are in love.

Much of Griffith is in it, and only a whisper of Thomas Burke, who wrote the stories which suggested certain of the scenes. It is not a member of the family of "Broken Blossoms" for the producer accurately describes "Dream Street" as a dramatic comedy.

It introduces three young players of exceptional interest: Ralph Graves as James "Spike" McFadden, who conquers the girls with his golden voice and the males with his great fists. Carol Dempster is Gypsy Fair, gentle, brave and gay, swift and restless as a bird, with every pulse of her body singing with joy. The brother of "Spike" is Charles Emmet Mack, the property boy of recent months, who had the astounding fortune and great talents to become famous over night as one of the Griffith Players. This great feature film continues today and tomorrow.

'DEAR KATIE' HEARS CLASSIE MARLOWE KNOWS STYLES

Strivin' Reporter Attempts to Learn About Fashions and Breath Comes In Pants

Dear Katie:—In writin' to you like I have this week about the Merchants' Exposition of Glendale, it has somehow come to my mind as how, after all is said and done, the whole world is nothin' but a big show and the people is the actors. Some of 'em got to be stars or traffic cops and others are nothin' but scene shifters and strivin' reporters and seldom, if ever, do we take off our masks to cool our faces. Katie, ain't it so?

And so far, outside of gettin' my fingers fulla ink in writin' these here articles, like I do pro and con, I ain't seemed to make no headway as a strivin' reporter.

And I ain't figurin' much on ever gettin' to the top of the ladder anyhow, cause even if I did, I would no doubt just yawn myself to death on account of no one else ever gettin' there.

Well anyhow Katie, you know I wrote a article 'a couple days ago about the Fashion Show and so yesterday I decided I better go over and get a interview with Miss Classie Marlowe as to have the styles changed much since Tuesday and what of it. And while I ain't got much of a education, I at least have got Pariesen ideas about the matter.

Plenty of Color, Evidently

So I went over to the big tent and I got there a couple hours before the show started and right away I saw Miss Marlowe settin' in one of them elegant autos lookin' as pretty as a California sunset.

Well Katie, I started to light my cigar, kinda offhand, and all to once Miss Marlowe smiled right at me and I got so rattled I threw away my cigar and put the match in my mouth.

Anyhow I went up to her and I give her my callin' card with my name on it and I says to her, I would like to have a interview with her, but I couldn't remember for a minute what I had come for, or why.

But she was real nice to me Katie and she told me to set down in the auto and so I did.

Well, then I says, as how I would like to find out what she was goin' to wear at the evenin' performance if anything, cause I would like to write a article about it for this here paper.

Then I got out my book and my pencil and Miss Marlowe begun to talk and I begun to write it all down, but in two minutes Katie, I got so muddled, I didn't know whether I had joined a sewin' circle or whether we was takin' a joy ride through the Verdugo Woodlands.

Gowns of misty atmosphere was blendin' with the rose color of the dawn, right in front of my dark eyes and a whole flock of frocks and monkey fur was flyin' around, till I found myself creped over the machine with one foot on the brake and the other on the reverse gear.

All Simple, Even Reporter

Then she says to me, have I wrote it all down and I simply said, yes.

By that time Katie, I was feelin' kinda simple anyway.

Then next she begun to mention other chicken fixin's, with front panels and green tulle, censored with gabardine, till I begun to wonder whether she was callin' me names and just for a excuse I got out to see how the gas and oil was holdin' out.

Well, I got back on again and then Miss Marlowe discussed the short skirt problem till my breath was comin' in short pants. By that time, what I had wrote down on my book, would of made a Southern Pacific time table seem as simple as the 3rd reader.

Anyhow at last I climbed over the dash board and I made a organdie slip with a straight line effect for home and breakfast.

Say Katie, I guess it must of been the styles of Gay Paree that drove the Hawaiians to grass. What do you think, if at all? Well, I had a nice interview with Miss Marlowe, but even so I guess autos, fair women and strivin' reporters is a hard combination to beat.

Yours—and that's enough,
E. C. HALE.

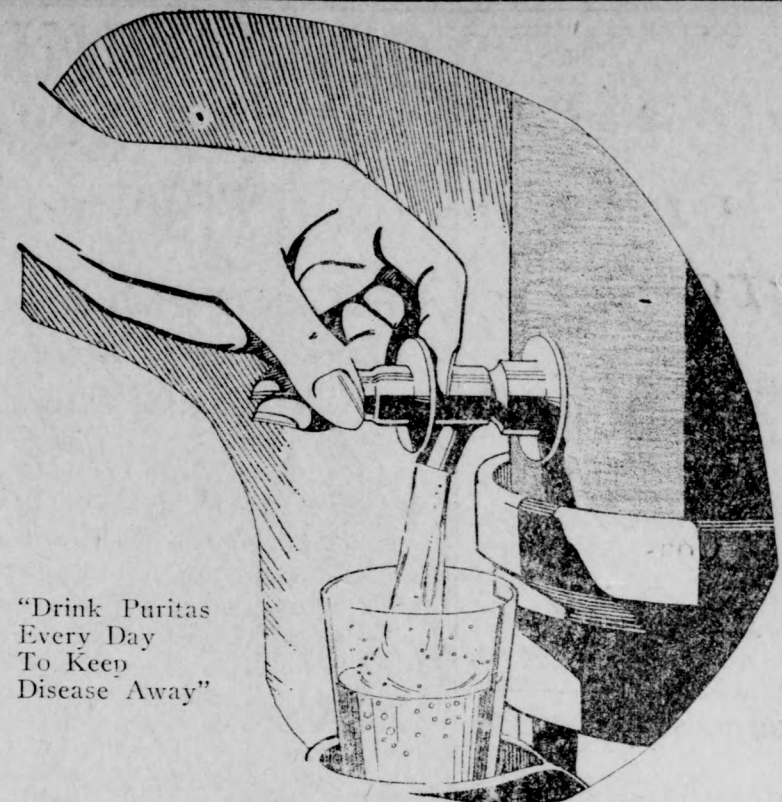

CHINESE HELD FOR RANSOM

SAN FRANCISCO, Sept. 2.—Hong Young Lee, Placerville, Chinese, returned to California today after five years in China during which time his experiences included being held for \$150,000 ransom by bandits. He was a prisoner five months before his captors compromised on payment of \$27,000, he said.

Hong is well known in Sacramento and vicinity where he was a court interpreter for many years. He was accompanied on arrival today by his son, George Curtis Lee (named for George Crocker and Judge Ben Curtis of Sacramento).

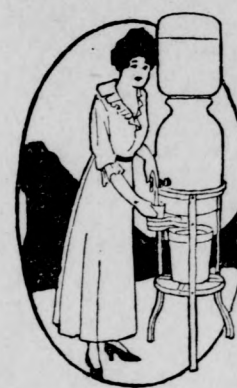

CRUELTY CHARGE IS MADE

SACRAMENTO, Sept. 2.—Charged by his wife with knocking her down and then, as she lay prostrate, grinding his heel in her right arm until he fractured both bones, A. C. Green is under arrest today. He has been unable to furnish bail.

EVEN IF YOU COULD "COAST" EVERYWHERE IN THE OLD "BUS" IT WOULD COST YOU MORE THAN PACIFIC ELECTRIC FARES

The gas you burn is only a small item in your total cost of operation. Add to that the cost of oil, rubber, repairs and depreciation in the value of the machine, and see "where you are getting off."

The Government says it is costing you from 9c to 14c per mile.

You can ride the Pacific Electric way for 3c per mile for the occasional journey and for about 1½c per mile for the frequent (commutation) trips.

"CAN YOU BEAT IT?" YOU CAN NOT!

Ask any Pacific Electric Agent for the Commutation Fare on tickets best adapted to your travel needs. He will show you the true way to travel economy, and you do not carry the accident risk.

Spanish Homes at Verdugo Woodlands

Up in the cool, green Verdugo hills of GLENDALE

—the most rapidly growing city on the Pacific Coast, a beautiful home commanding an unobstructed view of picturesque Verdugo Woodlands, constructed by our Building Department from honest materials. Compare these values with anything in or near Los Angeles.

Verdugo Woodlands seems to include everything worth while in outdoor California.

All the beauties and charms of mountains, foothills, canyons and running streams; grand old trees are here in profusion. This wooded fairy land is rich in romance and historic value. This is the place of places, cherished by the old pioneer Verdugo family and the original Adobe Home is still being preserved.

This environment is intimately connected with the early history of Southern California and for many years it was the favorite woodland retreat of the Pueblo of Los Angeles.

While a fortune has been expended for improvements and many beautiful homes adorn the crests, knolls and hillsides, the original natural beauty has been kept intact.

There is nothing hard nor formal in the whole scheme. The entire place is just as nature wrought it and it will ever be so.

Other special features are 1100 ft. elevation; pure, clear, invigorating, foothill air; soft water from mountain streams; fogless, dustless, smokeless days; beautiful boulevards; excellent car service; 35 minutes from Los Angeles and 5 minutes from Glendale business section, schools, churches, theatres, etc.

Let us send you full information regarding this wonderful spot or see our booth at the Glendale Business Men's Exposition this week.

The Glendale Research Hospital

At Piedmont Park and East Lexington Drive

A Public Institution Open to All Ethical Doctors to Practice

Not a private institution but a hospital in which all ethical doctors of Glendale and nearby towns are invited to practice.

The Glendale Research Hospital is one of the most modern on the entire Pacific Coast; built and furnished at a cost of over \$100,000; has pleasant, well furnished rooms; is equipped with X-ray and Clinical Laboratories; surgical department is fitted with the latest equipment for administering anaesthetics and the operating rooms are especially well equipped.

This hospital is a valuable asset to Glendale and all the San Fernando Valley. It is large enough to accommodate the practice of not only the ethical doctors of Glendale, but physicians from surrounding territory as well, and to the latter we extend a cordial invitation to bring their patients here where every modern convenience awaits them.

The dread of going to a hospital in the minds of so many patients is not known in this up-to-date institution. The comfort and atmosphere of your own home prevails, for everything that money could buy to make for comfort has been installed.

The Glendale Research Hospital has separate Medical, Surgical and Maternity Departments.

The Obstetrical department is completely furnished with delivery room — and the patients can enjoy the beautiful verandas as the beds can be rolled in and out at will.

MOST MODERN EQUIPMENT

Every Room Daintily Furnished; Light, Well Ventilated, on Ground Floor. Specially Equipped Operating Rooms and Chemical Laboratories. Every Possible Convenience for the Comfort of Patients.

Man Power Flying Will Be Perfected by New Inventions

By WILFRED FLEISCHER,
(United Press Staff Correspondent)

PARIS — Gabriel Poulain, the French champion cyclist who recently carried off the 10,000 franc prize for the first flight made by human effort, believes that his experiments have proven that there are other elements to be developed in the science of flying than the increase of motive power, towards which most of the efforts manufacturers have so far been directed.

"I did not aim to fly with the machine I used," Poulain told the United Press. "I merely wanted to satisfy myself that I could 'take off' of my own power, and now that I have accomplished this, I see no reason why I should not be able to propel myself through the air of my own power, since it requires 25 per cent more power to 'take off' than to fly. I used to pilot a Nieuport biplane, and while I could fly without losing height with the propeller turning at 700 revolutions a minute, it required 1,200 revolutions to lift the machine from the ground.

"The 'Aviette,' which I used, was only an experimental machine; it was not equipped to fly. I am now building a new model which will be fitted with a propeller and all the control devices of an aeroplane. With this I hope to make flights of from 300 to 400 yards at a height of from fifteen to twenty feet.

"I am now in the experimental stage. I believe, however, that my demonstrations will reverse some of the theories of flying which we now hold. In my opinion, we have given too much attention to the development of motive force without concentrating sufficiently on the other elements that enter into the problem."

WISE PROVISION OF NATURE
Jud Tunkins says a man who never makes a mistake has to die fearfully young to avoid spoiling his record.

APPEALS TO GOVERNORS

DENVER, Sept. 2.—Sixteen governors of western states have been requested by Governor Shoup of Colorado to support a demand for repeal of the 35 per cent freight rate increase made by the interstate commerce commission last year. In the petition to be filed with the commission it is charged that "the railroads are not efficiently and economically managed."

The action followed a survey by a transportation committee authorized by the last state legislature. In their report to the governor the committee members declared the rates are unreasonable and unlawful.

SERIOUS SHORTAGE OF HOUSES OVER STATE, CLAIMED

California Realty Board In
Statement Tells Outlook;
Rural Development

Real estate prices respond directly to the law of supply and demand, the California Real Estate association declared in a bulletin issued today by E. P. Hayward, secretary of the local board. Several years ago, when new houses were being built faster than they became obsolete, the supply exceeded the demand and prices were low.

Now the conditions are just reversed. Houses are scarce. Rents are high, and there is no real relief afforded the rent payer until the supply of houses meets the demand, or unless he builds his own home.

More recently, the state association said, new houses throughout California cities and towns have not been built in sufficient numbers to care for the needs of an increasing population, and prices have been high. Today prices are a little lower, because it now costs less to reproduce a house that has been sold. But prices cannot go lower until the supply catches up with the demand. That will take years.

Shortage of Homes

Glendale today has a serious shortage of homes. There are not enough homes in the average California community. The need is constantly increasing. Four years' inactivity in building must be overcome before the supply can begin to meet the demand. Redoubled building activity cannot correct the housing shortage within three years.

Real estate prices have thus been stabilized by the law of supply and demand—a law which admits of no exception. Now is a good time to buy a home. Your investment is protected against depreciation due to a falling market, says the bulletin.

Settling Large Estates

Subdivision and settlement of the large California estates is a matter in which every citizen is interested. Edwin C. Voorhies, secretary of the College of Agriculture, University of California, declared in a statement made public today by the California Real Estate association through Mr. Hayward.

Speaking of the plan of rural development carried out under the California Land Settlement Act, Dr. Albert Shaw, editor, says in the current Review of Reviews:

"It is highly advantageous as a part of all this process of reviving and modernizing country life to create here and there a new community which can be started upon the plans and principles of today and which is not handicapped by the outworn methods and traditions of the past. It is for this reason that we have attached so much importance to the plans of the state of California.

Organized Community

"California would have rendered a great service to the nation even if it had definitely limited its official activities in this field to the organizing of only two or three of these new farm communities. The value of the thing lies in the fact that from beginning to end these projects are the crystallization of the best available experience and knowledge.

"Great landowners in California now see that instead of marketing their lands in a speculative spirit, haphazard to any purchaser who comes along, they can do far better for themselves as well as for the country, to lay out the lands before marketing them with reference to creating an organized community."

Beginning on September 5, a two-weeks' course of discussion and conferences will be held at Berkeley. The first week will be given over to a consideration of where settlers may be had; what kind of settlers may create the best rural life in California; what information settlers are entitled to have and how it can be best supplied; and what can be done by co-operation and organization to make the right kind of people feel that California not only invites them to settle here but is working to create a rural civilization in which they can live with contentment and success. The second week will be given over to the problems of the farm buyer.

ATTENDANCE IN SCHOOLS

SACRAMENTO, Sept. 2.—The total average daily attendance in the elementary schools of California is 429,316, while the total average daily attendance in the high schools is 83,442, according to figures submitted today to the state controller by Will C. Wood, state director of education. The report was submitted to the state controller in order to secure the transfer of funds from the state school fund. The sum to be transferred is \$11,490,700; of which \$10,831,000 is to be apportioned to elementary schools.

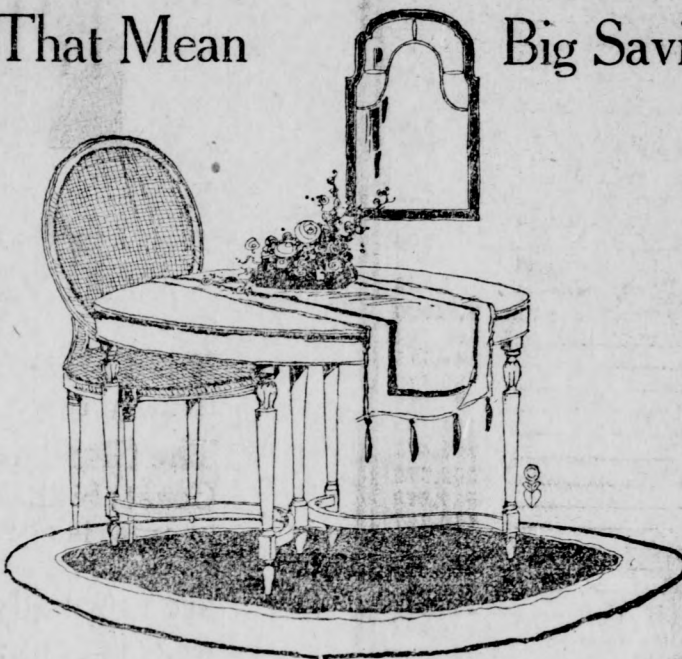

NO TALK AND NO PICTURE

WASHINGTON, Sept. 2.—A woman who is not ready and willing to talk or be photographed has been found. She is Mrs. Mabel Walker Willebrandt, newly appointed assistant attorney-general. She announced today she would not be interviewed or photographed for at least a week.

Furniture of Character and Individuality —Plus Low Prices

The Glendale Merchants' Exposition has been a grand success. It has been a wonderful opportunity for better acquaintance between the home merchants and Glendale Citizens. Pre eminent among Glendale firms who offer a large, well chosen stock of merchandise is the Page Furniture Company. Character and individuality of the furnishings plus the lowest possible prices is the irresistible force that attracts hundreds of home furnishers—and made our business for August most phenomenal.

Dining Room Furniture at Prices That Mean Big Savings

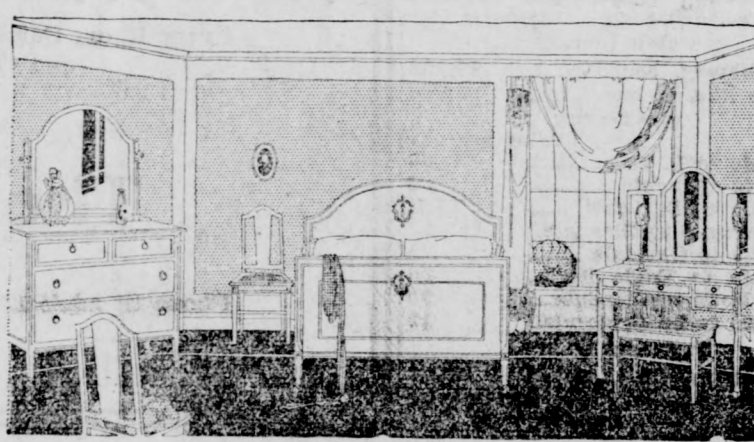

That Dining Room Furniture has touched bottom as far as prices are concerned is certainly proved by the wonderful values we are offering at this time. All the new designs, woods and finishes. You are welcome to look whether you buy or not—as we consider it a pleasure to show you our attractive displays. In addition to complete Period Suites we are showing some new arrivals in the late oval and oblong tables.

More Beautiful Living-Room Furniture Is Seldom Seen

Beautifully upholstered overstuffed furniture for the Living Room is offered for a few days at unparalleled savings. All this furniture is upholstered in the highest grade materials and includes sets as well as odd pieces.

It's Been Years Since Bed-Room Suites Were Priced So Low

Never in years have prices on GOOD Bedroom Suites been as low as now. We are making a special showing of French Gray Polycrome in matched suites.

Comfortable ROCKERS for Any Room

A well-chosen rocking chair has no equal for solid comfort, and we have scores of living room and bedroom rockers that are not only comfortable but of most attractive appearance—in practically any kind of wood or finish desired. A visit will convince you.

Argentine Welcomes Arriving Immigrants

BUENOS AIRES—Argentine receives her immigrants in a far different way than does the United States. The first night of his arrival the newcomer is assigned to the big immigrant hotel, maintained by the government. He dines upon a stew known as "puchero," the national food. With it comes "garbanzas," a small pea indigenous to this land; "mate," or Paraguay tea, served in place of coffee, and bread made in true South American fashion, that is, in hard crusty rolls.

This hotel was erected near the debarkation station about ten years ago, and since that time has served as high as 6000 immigrants per day during the rush season. They are fed, given beds, provided with free transportation, and made to feel at home.

Their first form of entertainment is a geography lesson by means of motion pictures, showing various parts of the country and types of employment. Thus their conversion into Argentines begins early.

The natives of the Congo region in Africa use salt of potassium instead of salt of sodium for seasoning their food. This salt they obtain from the ashes of certain plants and they regard the ordinary imported salt as insipid, buying it only because it is cheaper than the native product.

Canadian ex-Aviators Flying on Peace Work

WINNIPEG, Man.—Canada solved the problem of soldier relief by setting as many as wished on the land, but that did not solve the problem of what to do for the hundreds of after-the-war aviators. The fliers were not disposed to turn from looping the loop in the air to plowing furrows on the ground.

So the government encouraged Canadian flying as a measure of helping ex-aviators. Airmen are maintaining a fire patrol over millions of forest regions that prevents great loss of dollars annual loss.

Scores of airmen are being used in survey work. Others have entered a new field—the fishing industry. The aviators locate schools of fish and signal their positions. They promise to revolutionize seal hunting.

Airplane mail services have been established in some districts. In the oil rush, airplanes have brought the sub-Arctic close to civilization. High aircraft efficiency, under the supervision of the Canada air board, is indicated by the fact that in the last year there was but one injury in a total of 33,612 miles of flying. Government machines made 398 flights, and civil aviation 18,671.

gurgled Milly. "Yes, when they get to be about eighteen years old," replied Billy.

Officials In Election May Get \$200 Pay

BISMARCK, N. D.—Interpretation of the words "votes cast" in the election officers' compensation laws of the 1921 sessions may lead to legal controversies when salaries are drawn for the recall election in November.

The law reads that every judge, clerk or inspector shall receive \$6 but when "the number of votes cast shall exceed 100 the sum of \$1 for each additional 100 votes cast or major fraction thereof."

Judge Spalding of the state supreme court in writing the court's opinion in the Montrail county division case has interpreted the term "votes cast": "The voter, although he may use but one ballot, casts as many separate votes as many times as there are candidates or questions for or against which he votes."

In the coming recall there are three officers and seven questions to be voted on, a total of ten votes, in city precincts where 500 men and women vote, there will be 5000 votes cast, according to this interpretation which means a compensation of \$54 for election officials.

GREEN VERDUGO HILLS SCENE OF GREAT FESTIVAL TO HELP AMERICAN LEGION'S MEMBERS

Official Opening Takes Place This Afternoon And
Varied And Elaborate Program Is Arranged
For Celebration To Last For Five Days

SURROUNDED ON PRACTICALLY all sides by the velvety green slopes of the Verdugo hills and the mother mountains of the Sierra Madre range, the natural stage is set for the grand opening of the Moon Festival of the Tujungans, the official opening to take place at 2 o'clock this afternoon when several thousand eager people will attempt to crowd into and about Bolton hall to be present at the initial exercises of the five days' carnival. The great affair, which is being conducted for the purpose of raising sufficient funds to secure a recreation hall and business headquarters for the boys of the Monte Vista Post No. 250 of the American Legion, is easily the largest and most complete event of its kind that has ever been staged by the residents of the "Peaceful Valley" of Tujunga.

Practically every man, woman and child residing in the entire district between Roscoe and Montrose has enrolled in the cause of making the gala occasion the big success that today's immense crowds have already insured the project.

This morning hundreds of automobiles were seen to be "Following the arrow" from all of the various roads which are direct inlets to the setting of the festival, until at noon the many machines parked in and around Tujunga impressed the observer of the tremendous undertaking that is being carried out by the comparatively small group of patriots and boosters.

Transfer of Community Flag
After a brief opening address, the official transfer of the custody of the community flag from the Woman's club to the Monte Vista Post of the American Legion will take place with due ceremony. This is to be followed by the raising of the flag and the presentation of a beautiful red, white and blue bouquet to the post commander by Miss Maude Theresa Morgan, representing the Woman's club of Tujunga. Several hundred of the community's men, women and children will then assemble in front of Bolton hall, which is to be the starting point of the elaborate and gorgeous opening day parade. Special and representative costumes will be worn by the participants of the procession, which will march about a half mile.

The remainder of the afternoon is to be turned into a get-together and fun carnival along the gay "fun zone," with the members of the Woman's club holding a reception in honor of all visiting ladies at 3 o'clock.

To Sing Around Campfire
At 6 o'clock the merry-makers will gather around a huge camp fire, where they will be led by experienced song leaders in an attractively arranged community singing program. Following this, the large open-air dance pavilion, which has been erected especially for the festival, will be the scene of activity when the pupils of the Pearl Keller School of Dancing of Glendale will present a number of novel and entertaining acts.

At 8 o'clock the Glendale American Legion band will play the grand festival march, after which an evening of open-air dancing will be enjoyed for several hours.

Tomorrow has been dedicated in the program as picnic and fraternal day, and an appropriate program of festivities has been arranged for the entire day. The members of the Millionaires' Club of Happiness and Contentment, which is an organization composed of a group of real boosters of the community, will make themselves acquainted with everyone during the day, keeping "open house" at all times. Following is an ex-

cerpt from the invitation that is being presented to each person at the carnival.

Club Keeping Open House

The club is keeping open house from September 2 to 6, and will have the tobacco jar heaped full at all hours at its headquarters at the post-office steps, where a "Henry Clay" or "Old Missouri" will be loaned for the asking, and will have the big book open for new members to register. It'll not cost a cent to join the club, and there are no dues, and you can have a check on the Bank of Joy, signed by the president and treasurer, with the amount left open so you can fill it out for whatever sum of happiness and contentment you need.

Another camp fire community singing program has been arranged for Saturday evening, after which a corps of professional entertainers from the Remick Publishing House of Los Angeles will render a combination "jazz" and classical program.

Legion Day To Be Sunday

American Legion day is scheduled to be Sunday, when the day's activities will be started at 2 p. m. with a reception of the officials of the American Legion at Bolton hall. This will be followed at 2:45 p. m. with a metaphysical meeting to be held on the site of the Higher Thought college, which is located in the western part of Tujunga.

At 3:45 p. m. Mrs. Genevieve Stanley Adams, who is chairman of the entertainment committee of the festival, will present an elaborate and high class concert program which has been especially arranged for the occasion by Miss Bessie Chapin.

The concert personnel will be composed of such artists as Mme. Constance Balfour, prima donna soprano; Miss Ida Selby, pianiste; Max Alexander, tenor; Miss Bessie Chapin, violinist; Sol Cohen, violinist.

Following is the program, as has been announced by Miss Chapin:

American Legion March, Glendale band.

(a) Macushla (Macmurrough), (b) I Know of Two Bright Eyes (Clutman); (c) The Doe-skin Blanket (Cadman), Max Alexander.

(a) Indian Lament (Dvorak-Kreisler), (b) Swing Song (Barnes), (c) Liebestreu (Kreisler), Sol Cohen.

Three Dances: (a) Ecossais (Beethoven), (b) Tango (Albeniz), (c) Waltz (Bond), Miss Ida Selby. Aria, from Mme. Butterfly, "One Fine Day" (Puccini), Mme. Constance Balfour.

(a) Nocturne, E-flat major (Chopin-Sarasate), (b) Rondino (Beethoven-Kreisler), (c) Hejre Kati (Hubay), Sol Cohen.

Rudolph's Narrative, from "La Boheme" (Puccini), Max Alexander. (a) Etude, (b) Waltz, (c) Impromptu (Chopin), Miss Ida Selby.

(By special request): ((a) Concert duet for two violins (Leonard), (b) Scherzo for two violins (Spohr), Miss Bessie Chapin and Sol Cohen. Finale—"Star-Spangled Banner," Glendale band.

Big Time on Labor Day

The "big doings" on Monday, Labor Day, begin at 1:30 p. m. when the members of the Tujunga Home Builders will hold an impressive parade, giving clever exemplifications of the art of "Building Your Own." At 2:30 p. m. a novel entertainment will be furnished the crowds when a speed contest in the laying of cobblestones will be held between George Harris and C. G. Terry. The remainder of the afternoon will be enjoyed in hand concerts and other Labor day festivities, which will be concluded by a smoker given by the Millionaires' club.

At 6 o'clock the usual campfire and community service will be held, after which a number of first-class vaudeville acts will be presented by artists furnished by the management of the Orpheum and Pantages theatres.

Tuesday, which will be the closing day of the festival, will be Field Day and Chambers of Commerce day, with an extensive program of sports and athletic events starting at 1:30 p. m. and lasting all of the afternoon. At 7:30 in the evening a number of entertainers from Sid Grauman's Million Dollar theatre of Los Angeles will give a diversified program, after which the announcement of the winner of the Queen contest and the crowning of the queen of the festival will take place. A great carnival dance, with streamers and confetti, will conclude the five days' celebration.

Announcing

THE OPENING OF THE Glendale Dry Goods Co.

115 E. Broadway, Glendale

SATURDAY, SEPTEMBER 3

—With a fresh, new stock of staple dry goods and notions, women's and children's furnishings, including an especially well selected stock of underwear and hosiery.

—In addition to a complete line of furnishings for boys and girls we have inaugurated an infants' wear department where mothers can find wearing apparel for the baby.

—In making our initial announcement to the people of Glendale we wish to state that this store will at all times try to faithfully live up to its slogan, "The Store of Service" and it will be our earnest desire to at all times keep in stock that which the public demands. If you do not see what you want, ask for it, and if we don't happen to have what you desire in stock we will promptly order it.

—The Glendale Dry Goods Store is conveniently located on Broadway—just a step from Brand—in close proximity to where the Eagle Rock, La Crescenta and P. E. cars stop, and it is our intention to cater to the foothill patronage as well as to Glendale people.

World Shipping Increase Due to Merchant Marine

By ALFRED J. WEST
United Press Staff Correspondent

LONDON.—According to Lloyd's register of shipping for 1921-1922, the bulk of the increase of the world's shipping since 1914 is due to the United States, whose sea-going mercantile marine has increased by 10,477,000 tons, an advance of 570 per cent.

The present world's total is 33,206 vessels of 61,974,653 tons, made up of 4,773 sailing vessels of 3,128,323 tons, and 28,433 steamers of 58,846,325 tons.

The world's total of sea-going steel and iron steam tonnage is 54,217,000, against 42,514,000 in June, 1914, of which the United Kingdom owns 19,288,000 and the United States 12,314,000. Though the United Kingdom still possessed the largest total, the increase since 1914 has only been 411,000 tons, against an increase of 10,477,000 tons, or 570 per cent by the United States.

British Dominions have registered an increase of 543,000 tons, with a total of 1,950,000 tons, against 1,407,000 in 1914. The other countries in which the largest increases are recorded are Japan (1,421,000 tons), France (1,128,000 tons), Italy (950,000 tons), and Holland (736,000 tons).

As in the case of the United Kingdom, the figures for France and Italy include a considerable amount of ex-enemy tonnage allocated to these countries. Germany, which, in 1914, ranked next to the United Kingdom, with over 5,000,000 tons, now possesses only 654,000 tons. In

1914 the United Kingdom owned nearly 44½ per cent of the world's sea-going steam tonnage, while the present percentage is just over 35½. Norway, which occupied the third place, is now sixth; while Japan, formerly sixth, is now third, closely followed by France. Greece is the only country which registered a decrease, apart from Germany and Austria.

In regard to the size and type of vessels, the greatest increase has taken place in those of between 6,000 and 10,000 tons, their number having increased from 1,004 in 1914 to 1,784 this year. In 1914 the number of vessels fitted with internal combustion engines was 290, against the present total of 1,447. A great development has also taken place in the use of liquid fuel on board steamers, for the number of vessels now fitted for burning oil is 2,536 against 364 in 1914, only 72 per cent of the tonnage of the merchant marine now requiring coal, against a previous percentage of 89.

'BLOODY DAY' IS FEARED

BERLIN, Sept. 2.—"Bloody Wednesday" dawned with all Berlin on edge with anxious speculation as to whether fresh bloodshed would result from the excited feelings of the hundred thousand workers gathered here to participate in demonstrations. The morning passed peacefully with "safety police" out in great numbers, refusing even to permit verbal arguments in the ranks of the marching workers. Chancellor Wirth was heavily guarded today, following repeated threats that he would be assassinated before nightfall.

In central Africa it is regarded as a mark of respect to turn the back upon a superior.

SHOOTS WIFE, IS BELIEF

SAN FRANCISCO, Sept. 2.—John Koenemann, Jr., of San Francisco, was being held by the police today, charged with alleged murderous assault upon his wife, while police investigated the story he told when he brought his wife to a hospital. She was suffering from a bullet wound. Koenemann was said to have told hospital authorities that his wife was shot accidentally. Later, however, when questioned by the police, he was quoted as saying: "My wife told me to say it was an accident and she would stick to the story." He was said to have told officers he had quarreled with his wife and "became angry, ran into an adjoining room, got my revolver and then I don't remember just what I did, but I fired the revolver and my wife was wounded."

BATHING BEAUTY SUES

SAN FRANCISCO, Sept. 2.—Mrs. Wilhelmina Gesner, known in a Mack Sennett bathing suit as Billy Desosa, has filed suit for divorce against Harry M. Gesner, at Wailuku, Hawaii, it became known here today. "We were happy on Maui, where we made our home after our marriage until his mother came," Mrs. Gesner said today. "After that it was practically the servant in the home." The two were married here in 1919. Mrs. Gesner pictures her husband as a "second Nat Goodwin," and alleges she is his fourth wife.

AMERICAN'S BODY IS FOUND

HULL, Eng., Sept. 2.—The body of George Welsh, non-commissioned officer, who perished when the ZR-2 fell in flames into the Humber river here last Wednesday, has been recovered.

SERGEANT JOHN A. SCHAEFFER OF GLENDALE, SLAIN IN ARGONNE, BURIED WITH MILITARY HONORS

Former Friends And Relatives Pay Final Tribute
To Youth Whose Body Is Brought From France
Where He Was Killed Three Years Ago

By HOWARD M. MCGILLIS

WITH BEAUTIFUL AND IMPRESSIVE services which were appropriate for the solemnity of the occasion, the remains of Sergeant John A. Schaeffer were laid to rest at 3:30 o'clock yesterday afternoon, September 1, 1921, at the Forest Lawn cemetery. Although Sergeant Schaeffer died almost three years ago, having been killed in action in the battle of the Argonne Forest, France, on September 26, 1918, a large number of his former friends and relatives gathered yesterday to pay their last tributes to the man who gave his all for his country.

The services at the chapel of the L. G. Seavern Undertaking company, which took place at 3:30 o'clock, were brief, but impressive, with Rev. Louis C. Dodelan, chaplain of Victory Post No. 54 of the American Legion, officiating.

Following are a few of the Rev. Dodelan's statements made in his eulogy of the deceased:

"Once more we come to pay the last sad rites to a departed comrade. This sad rite and tribute that we are about to pay to Sergeant John A. Schaeffer is but the fulfillment of that which his comrades silently paid him on that September day of 1918 when their friend and 'buddy' fell while fighting with them.

"This funeral service which we are conducting here today was begun in the Argonne by the men who had but the day before ate with him, slept with him and fought with him.

Offers Deepest Sympathy

"In the name of the American Legion, I offer the deepest sympathy from the ex-service men of the country to the loved ones of this fallen hero."

Mrs. Alma K. Moss of 2722 Dalton avenue, Los Angeles, concluded the services at the chapel with two beautifully rendered vocal solos, "I Never Found a Friend Like Jesus" and "Safe in the Arms of Jesus."

Mrs. Moss, who has been the contra-
alto soloist of the Trinity Methodist
Episcopal church, South, of Los An-
geles for the past six years, has vol-
unteered to sing at the funerals of
all of the soldiers and sailors whose
bodies are shipped to southern Cal-
ifornia from France. Yesterday's
funeral was the twentieth at which
she has sung.

After Rev. Dodelan had pro-
nounced the final ceremony, Mrs.
Moss sang "Abide With Me," follow-

ing which a firing squad, carrying
out the full military ceremony, fired
the customary three volleys over the
grave.

With the members of the squad
standing at "present arms" and a
perfect silence prevailing in the
beautiful Forest Lawn burying
ground the faint murmur of a bugle
could be heard pealing forth from an
obscured spot on a hill several hun-
dred yards away.

Sent from Balloon School

The men who served on the firing
squad, which was sent out by the
government authorities at the Ara-
dia Balloon school, were Sergeant E.
R. Holland and Privates G. Van
Evera, T. Maxwell, E. F. Turner, G.
R. Cramer, E. G. Cunningham, H. C.
Rosales, O. Elliott and W. Carberry.
The musician was Bugler W. A. Tan-
ner.

The pall bearers were William
Schaeffer, Otto Schaeffer, Gus Ben-
dler and A. J. Bendler.

Born in Glendale

Sergeant John A. Schaeffer was
born in Glendale in 1895, moving
from this city to Los Angeles eight
years later, where he lived until
1917 when he entered the United
States army. He graduated from
the Bridge street grammar school,
Los Angeles, in 1911, and immedi-
ately entered the Los Angeles Poly-
technic high school, receiving his di-
ploma from that institution in 1915.

From then until the time when he
went to Camp Lewis for training in
1917, he was a salesman in the em-
ploy of Wignore & company of Los
Angeles. When killed in action Ser-
geant Schaeffer was a member of
D Company, 364th Infantry.

The deceased is mourned by a
mother, Mrs. Lena Schaeffer of
North Mission Road, Los Angeles,
two brothers and three sisters.

Russia Wants World Peace, Is Claimed by Trade Commissioner

By LLOYD ALLEN

United Press Staff Correspondent.

LONDON—Russia today desires
peace and is following a policy of
non-interference in the internal af-
fairs of other nations.

Leonid Krassin, chief of the Rus-
sia trade delegation to England, and
a powerful figure in the Lenin govern-
ment, is authority for the forego-
ing.

In an exclusive interview with the
United Press, Krassin explained re-
cent changes in policy of Moscow and
outlined his attitude regarding wide-
spread reports of his intention of
visiting Canada and the United
States.

At the same time, Krassin dis-
cussed possibilities of resuming Rus-
sian-South American trade.

"The sincere desire of the Russian
people and the Russian government
is to be at peace with all the peoples
of the world," Krassin told me.

"Beginning with the spring of
1919, the Russian government made
constant official proposals to all the
powers participating in the interven-
tion and blockade to begin peace ne-
gotiations for the adjustment of all
the points at issue and the estab-
lishment of peaceful relations.

"This is the point of view of the
soviet government at the present
time as well.

Will Not Visit U. S.

"In all countries with which Soviet
Russia has concluded commercial
agreements the soviet government
has bound itself not to carry on any
hostile propaganda against the insti-
tutions or governments of those
countries.

"It has honestly fulfilled and will
continue to fulfill these conditions."

Dealing with the reports that
Krassin is preparing to visit Canada
and America, Krassin pointed out:
"There can be no question of any vis-
it to the United States until the gov-
ernment of the United States has ex-
pressed its consent to such a visit."

Regarding Canada, Krassin ex-
plained: "From the moment of the
conclusion of the Anglo-Russian
trading agreement, Canada automati-
cally entered the sphere of Russo-
British commercial relations and the
Russian trade delegation has already
placed some orders for Russia in
Canada.

"At the present moment the soviet
delegation is carrying on negotia-
tions with certain Canadian factories
with the object of placing orders
with them."

London Is Alarmed by Recent Increase in Traffic in Drugs

By CHARLES MCGANN

LONDON—London is fighting an
army of dope-sellers who, from po-
lice court records, seem to rival in
number those of any city in the
world.

Every day one or more cocaine
sellers are given three or six months
"hard"—for hard labor—for ped-
dling their wares, almost exclusively
in the small district between and
around Leicester Square and Picca-
dilly Circus—the heart of the more
vicious night life of London.

Anyone who knows what he sees
may see girls any night "sniffing"
cocaine in the streets of the district.
The Piccadilly tube station at Picca-
dilly Circus is an observation post,
for anyone can see drugs sold and
taken on the spot, amid hundreds of
unconscious theatrogoers.

The dope traffic in London is
carried on by both men and women
in about equal numbers. The buyers
are principally girls and they all
take cocaine, "sniffing" the powder
instead of using a hypodermic needle
which, though more effective, is
harder to use.

Hurry to Dark Corners

An observer in one of the dark
streets running off Coventry
street, which forms a two-hundred-
yard link between Leicester Square
and Piccadilly Circus, will not have
to wait for more than a few minutes
to see a couple of girls hurry into
a dark corner, take a hurried sniff
and, relieved, hurry back to the
bright lights of the street that forms
their nightly promenade.

There is little trouble with mor-
phine in London, and practically
none with heroin, which is practi-
cally unknown. But the ease with
which opium or cocaine may be
smuggled into the Port of the World
by one of the innumerable seamen
of almost innumerable nations who
bring in a few ounces or pounds is
making it hard for the police to
suppress the traffic.

USEFUL FISH

They have a remarkable fish in
Nova Scotia. It is known as the
frost fish, because it can be frozen
solid; but if placed in water it soon
thaws out and swims around as vig-
orously as ever. The natives, we
are told, use this fish in making ice-
cream. The fish is caught, frozen
and placed in the cream. In thaw-
ing out it freezes the cream and its
movements at the same time beat
the mixture, making it nice and smooth.
It is a fresh water fish, but the story
requires a lot of salt.

NO STRIKE, SAYS OFFICIAL

BALTIMORE, Md., Sept. 2.—The
threatened railroad strike will not
materialize. This belief was ex-
pressed to the United Press today by
Daniel Willard, president of the Bal-
timore and Ohio railroad. Willard
based his assumption on "the loyalty
and sanity" of the great bulk of the
railway workers. He denied in de-
tail the charges that the railroad
managers are trying to foment a
strike for the purpose of forcing the
government to guarantee their securi-
ties.

"I don't know why a strike vote is
being taken or on what grounds a
strike can be based," Willard said.
"Everything that has been done so
far in the matter of wages and work-
ing conditions was in accordance
with the decision of the railway
labor board. 'I am not in a posi-
tion to speak for the other roads,
but I know our roads and our em-
ployees and I am confident that if
the men have any grievances these
will be settled as we always settle
them—in conference between work-
ers' committees and officers.'" Wil-
lard's eyes snapped with indignation
as he denied that the railroad man-
agers are trying to force a strike by
forcing men out of employment and
using other aggravating tactics.

The municipal authorities of Cas-
sel, Germany, are using poison to
rid the city of bedbugs.

REQUISITIONED THE MOON

When our town was first lighted
with electricity the town council
decided not to have the street lights
turned on when the moon was shin-
ing brightly. One evening our son
noticed that the street lights were
not on but that the moon was shin-
ing brightly, so he came running in
and said, "Oh, ma, they thought they
would not turn on the electric lights
tonight, so they just turned on the
moon."

CERTIFICATE OF BUSINESS

Petitioner's Firm Name

The undersigned does hereby certify
that he is conducting a retail paint and
wall paper business at 119 South Brand
boulevard, City of Glendale, County of
Los Angeles, California, under the fic-
titious firm name of Glendale Paint &
Paper Company, and that said firm is
composed of the following persons,
whose names and addresses are as fol-
lows, to-wit:

William Hunter, 119 South Brand
boulevard.

Witness his hand this 4th day of
August, 1921.

WM. HUNTER.

State of California, County of Los
Angeles, ss.:

On this 4th day of August, in the
year nineteen hundred and twenty-one,
before me, G. O. Piercey, a Notary Pub-
lic in and for said County, residing
therein, duly commissioned and sworn,
personally appeared Wm. Hunter,
known to me to be the person whose
name is subscribed to the within in-
strument and acknowledged to me that
he executed the same.

Witness my hand and official seal,
G. O. PIERCEY.

Notary Public in and for said County
and State of California.
285-51-Fri

Beware— of the Contractor

who is willing to furnish the plans for a building, free of charge as
a matter of service. You may not pay for the plans, but you are very
apt to pay many times the value of such plans in doubtful specifica-
tions which are drawn to suit the contractor's needs in the construc-
tion work. The safest way is to go to a

Well Established Architect

Tell him exactly what you want. He, in turn, will draw rigid speci-
fications which can be easily followed by the contractor and as eas-
ily checked up—so that you can be ABSOLUTELY SURE of get-
ting exactly what you are paying for.

No One Can Secure Something for Nothing—

And the same holds true in construction work as in
anything else. Therefore, do not be misled in any
argument of FREE SERVICE—for in the end you
will pay for it anyway—perhaps in a cheaply con-
structed building. Be sure you deal with a first-class
architect and a reliable contractor.

Glendale Is Rapidly Forging Ahead

And no one can lose by building NOW. The policy of
the ROMMEL CONSTRUCTION CO., is so broad,
that all we ask is—that the builder seek the co-opera-
tion of an honest architect,—we wishing only to have
the opportunity of estimating on the contract, as our
FORTY YEARS OF ACTIVE EXPERIENCE IN
BUILDING AND CONTRACTING coupled with
our reputation of UNQUESTIONED INTEGRITY
particularly fit us to give most efficient service.

"Hey, you! Don't stop your car near my horse!" It sneers him.
"Don't worry, I know the rules. Don't park near a plug."

PURCHASE OF KELLY MYRTLE VENSKE OF THIS CITY BRIDE OF H. YOUNGMAN

WATER PLANT IS UNDER INQUIRY

Suggestions Made to Council by T. W. Watson; Question Further Considered
Romance of Anaheim School Culminates In Wedding Service Last Night

T. W. Watson, retiring city manager, at the meeting of the City Council last night, submitted a report relative to the purchase by the city of the Kelly Water System, supplementing his report of August 30. It follows:
"In regard to the purchase of the Kelly Water System by the city of Glendale supplementing our report of August 30:
"Bearing on the subject of the city purchasing this system and paying therefor from the general revenues of the water department, I should have added the following to my report in order to make the matter clear as to why I would recommend the purchase of this system in this way rather than the issuing of district bonds as was done in the Grand View District:
"1. The city of Glendale has taken over practically all of the water distribution systems in the Glendale valley with the exception of this one and has provided for the payment therefor either directly from the revenues of the public service department or by bond issue supported thereby.
"2. The district served by the Kelly Water System is built up as closely as other districts of the city of Glendale and the water business therein if taken over by the city will add proportionately to the revenues of the water department.
"3. If this system is purchased at its present value allowing for depreciation and the payments therefor provided from the revenues of the water department, this district will then be on the same basis as all other portions of the city that are served by the various systems that have been taken over in this way, and will be subject to the same policy adopted for the replacement and extension of service mains as is provided for the rest of the city.
"4. This district being built up as it is, is in our opinion entitled to the same consideration in this respect as other closely built up portions of the city.
"5. It might be well to provide for paying for the purchase price of this system in payments equal to one-half of the revenues derived from the water business therein monthly until the total sum is paid. This arrangement will not in any way affect the budget for this year as the revenues derived from the water business in this district will be in addition to the revenues estimated in the budget.
"6. It might be well to have it made clear to the property holders of the district that when any of the service mains purchased in this way require replacements that the cost of the same will be met by assessment on property served. I mention this for the reason that this system has been in for a number of years and some of the pipes are old and others are small and no doubt replacement will be necessary before long."
The report was ordered filed and will be considered in the committee of the whole.

Resolution of Intention

NO. 1232

RESOLUTION OF THE COUNCIL OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE CERTAIN PORTIONS OF ORANGE GROVE AVENUE AND CERTAIN STREETS AND ALLEYS INTERSECTING THEREWITH IN THE CITY OF GLENDALE AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT AND PROVIDING BONDS FOR THE PAYMENT OF SAME.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLENDALE:

Section 1.—That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First—That Orange Grove Avenue between the easterly curb line of Adams Street and the westerly line of Sycamore Canon Road and between the easterly line of Sycamore Canon Road and the westerly curb line of Verdugo Road, including all intersections of streets or alleys, except those portions already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with plans and cross-sections No. 427, Profile No. 771, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 34.

Second—That a four (4) inch cast iron water pipe be laid in Orange Grove Avenue and across intersecting streets along a line seventeen (17) feet northerly from and parallel to the southerly line of Orange Grove Avenue, said pipe to extend from a line seventeen (17) feet easterly from the westerly line of Adams Street to the westerly line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to a line seventeen (17) feet westerly from and parallel to the easterly line of Verdugo Road, together with all appurtenances, valves, and other appurtenances, all as shown on Plan and Profile No. 427, said pipe and appurtenances to be used for fire protection and the distribution of the municipal water supply of the City of Glendale.

Said pipe shall be laid in accordance with said Plan and Profile and between the points on the lines and grades and at the elevations designated thereon and said pipe connections, valves, and other appurtenances shall be constructed in accordance with the plans therefor designated as Plan No. 427, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and designated as Specifications No. 37 for furnishing and laying cast iron water pipe in the City of Glendale.

Third—That all of the roadway of Orange Grove Ave. between curb lines from the easterly curb line of Adams Street to the westerly line of Sycamore Canon Road, and from the easterly line of Sycamore Canon Road to the westerly curb line of Verdugo Road, including all intersections of streets and alleys, be oiled and surfaced in accordance with plans and cross-section No. 427, Profile No. 771 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 34, excepting that one-fourth (1/4) inch rock screening shall be used in surfacing instead of sand.

Fourth—That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications be constructed along each side of the roadway of Orange Grove Avenue, from the easterly curb line of Adams Street to the westerly line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to the westerly curb line of Verdugo Road, including all returns of all intersecting streets and alleys, except where said curbs have already been constructed to official line and grade. Said curbs shall be constructed in accordance with plans and cross-section No. 427, Profile No. 771 and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth—That a cement sidewalk of the width of five (5) feet be constructed along each side of Orange Grove Avenue from the easterly curb line of Adams Street to the westerly

Chaffee's School Day Suggestions

Again we think of the beginning of school and the daily preparation of school lunches. With their books in one hand and their lunch boxes in the other, the little folks go stepping along to school. It is wonderfully satisfying to them to know that Mother puts the things they like in their noonday lunches. Chaffee's varied line of luncheon specialties at all of our stores.

line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to the westerly curb line of Verdugo Road, except where sidewalk is already constructed to the official line and grade. Said work to be done in accordance with plans and cross-sections No. 427, Profile No. 771 and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Section 2.—That said contemplated work or improvement in the opinion of said Council is of more than local or ordinary public benefit and will directly and benefit the lands and district hereinafter described and said Council hereby declares that the district in said City of Glendale, benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said City included within the following exterior boundary lines, to-wit:

Beginning at a point in the westerly line of Adams Street where said westerly line is intersected by the westerly prolongation of the northerly lines of Lots 22 to 12, inclusive of Tract No. 4289, as per map recorded in Book 46, Page 84 of Maps, Records of Los Angeles County, California; thence easterly along the westerly prolongation of the northerly lines of said Lots 22 to 12, inclusive, and along said northerly lines to the northeasterly corner of said Lot 12; thence easterly in a direct line across Sycamore Canon Road to a point in the easterly line of Sycamore Canon Road one hundred thirty-five (135) feet northerly of the northerly line of Orange Grove Avenue; thence westerly along said line drawn one hundred thirty-five (135) feet southerly from and parallel to the southerly line of Orange Grove Avenue and along the westerly prolongation of said line to the westerly line of Adams Street; thence northerly along the westerly line of Adams Street to the point of beginning, excepting therefrom any portion of any public street or alley which may be included in the above described district. Reference is hereby made to Map No. 427A, approved by the City Council, in which the assessment district referred to is shown within red colored border lines.

Section 3.—That pursuant to the Act of the Legislature of the State of California approved February 27, 1893, and the Acts amendatory thereto, Serial bonds bearing interest at the rate of 7 per cent per annum shall be issued to represent assessments of twenty-five (\$25.00) Dollars or over for the costs of said work or improvements; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second day of January and July, respectively, of each year at the rate of 7 per cent per annum on all sums unpaid until the whole of said principal and interest is paid.

Section 4.—The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in this Resolution of Intention and to be assessed to pay the cost and expense thereof. Such diagram shall show each separate lot, piece or parcel of land and the relative location of the same to the work proposed to be done, all within the limits of the assessment district, and such other matters as are required by law.

Section 5.—All Maps, Cross-sections, Plans and Profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All Specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said Map, Plans, Cross-sections, Profiles and specifications are hereby referred to for a more particular description of said work and made a part hereof.

Section 6.—The Glendale Evening News, a daily newspaper of general circulation published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention shall be published in the manner and by the persons required by law, and in which the Street Superintendent shall publish notice of the passage of this resolution.

Section 7.—The Street Superintendent of said City of Glendale is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by two insertions in said newspaper in the manner required by law.

Section 8.—The City Clerk of said City of Glendale is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the said council and to cause the same to be published by two insertions in the manner required by law, in said newspaper, and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement, a postal card containing notice of the passage of this Resolution, and calling attention to the fact that said property is to be assessed for said improvement. Adopted and approved this 1st day of September, 1921.

SPENCER ROBINSON, Mayor of the City of Glendale.
Attest: J. C. SHERER, City Clerk of the City of Glendale.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE, ss:
I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Resolution was duly adopted by the Council of the City of Glendale, State of California, and signed by the Mayor at a regular meeting thereof held on the 1st day of September, 1921, and that the same was passed by the following vote, to-wit:
Ayes—Davis, Kimlin, Lapham, Robinson, Stephenson.
Noes—None.
Absent—None.
J. C. SHERER, City Clerk of the City of Glendale.

Recent Realty Sales by Edith M. Osborne

Following is the list of real estate transactions closed by Edith May Osborne during the past week:
Five-room bungalow at 1138 North Louise sold to Randolph Leigh with a Los Angeles newspaper.
One lot on North Maryland sold to A. E. Ekert. Mr. Ekert intends to improve this lot with a six-room bungalow.
One lot on North Maryland sold to E. P. Ransom. He expects to build a Spanish bungalow.
One lot corner of Central and Arden sold to George O. Piercey. He will build a Spanish bungalow.
Three lots on the southwest corner of San Fernando and Garfield, with 163-foot frontage on San Fernando Road, sold to J. V. Zimmerman of south Los Angeles. He expects to build a nice home facing on Garfield and will improve the lots facing San Fernando with business houses.

'Alligator' Growing In Tree, Says C. Dundas

Do alligators grow on trees?
That is what you would think if you had seen the "tree alligator" that C. O. Dundas of 423 Harvard street brought to the office of The Glendale Evening News yesterday.
It was a limb of an apricot tree about two feet long. There were four short branches for the feet and one longer one which made a tail. There were tiny knots where the eyes should have been.
In fact, it looked like an honest-to-goodness alligator, but in reality it was only the branch of an apricot tree that had to be trimmed.

ORDINANCE NO. 472

AN ORDINANCE OF THE COUNCIL OF THE CITY OF GLENDALE FIXING THE RATES OF TAXES AND LEVYING TAXES FOR THE FISCAL YEAR BEGINNING JULY 1, 1921.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1. That for the purpose of raising the sums of money necessary to be raised by taxation upon the taxable property of the City of Glendale as a revenue, to carry on the various departments of said City for the fiscal year beginning July 1, 1921, the rates of taxes for the different portions of the City of Glendale are hereby fixed and taxes are hereby levied on all taxable property in the different portions of said City for the fiscal year beginning July 1, 1921, in the number of cents upon each One Hundred Dollars of the assessed value of said property as assessed by the County Assessor and equalized by the Board of Supervisors of the County of Los Angeles, and for the several funds and purposes set forth in the following table, the taxes levied upon property in each portion of said City hereinafter described and designated by a letter be-

ing at the rates set opposite the designations of the respective funds in the column headed by the letter which is prefixed to the description of such portion of said City as hereinafter stated.

(A) All that portion of the City of Glendale included within the boundaries thereof as originally incorporated.

(B) All that territory annexed to the City of Glendale at annexation elections held October 14, 1911, and March 30, 1912, and known as West Glendale District and Verdugo Canyon District respectively.

(C) All that territory annexed to the City of Glendale by annexation elections held on April 20, 1916, and known as Pumping Plant District and Remington District.

(D) All that territory formerly included in the City of Tropic.

(E) All that territory annexed to the City of Glendale by annexation election held on Jan. 20, 1919, and known as the Grand Avenue Annexation District, and all that territory annexed to the City of Glendale by election held May 22, 1918, and known as Arden Avenue and Valley View Annexation Districts, and all that territory annexed to the City of Glendale by election held August 7, 1918, and known as Kenilworth annexation district.

Assessed Value	(A)	(B)	(C)	(D)	(E)
\$5,946,845	\$5,946,845	\$3,431,375	\$121,475	\$1,930,145	\$1,047,835
For the General Budget Fund	\$1.00	\$1.00	\$1.00	\$1.00	\$1.00
For Park Playground and Recreation Center Fund	.05%	.05%	.05%	.05%	.05%

Total tax rate	\$1.30	\$1.29	\$1.26	\$1.32	\$1.23

That in addition to the foregoing taxes there is hereby levied upon all taxable property in that part of the City of Glendale known and described as Municipal Improvement District No. 3 a tax at the rate of 44 cents upon each One Hundred Dollars of the assessed value thereof, as assessed by the County Assessor and equalized by the Board of Supervisors of the County of Los Angeles, for the Municipal Improvement District No. 3 of the City of Glendale Bond Interest and Sinking Fund.

That in addition to the foregoing taxes there is hereby levied upon all taxable property in that part of the City of Glendale known and described as Municipal Improvement District No. 4 a tax at the rate of 41 cents upon each One Hundred Dollars of the assessed value thereof as assessed by the County Assessor and equalized by the Board of Supervisors of the County of Los Angeles, for the Municipal Improvement District No. 4 of the City of Glendale, Bond Interest and Sinking Fund.

SECTION 3. The City Clerk shall certify to the adoption of this ordinance and shall cause the same to be published once in The Glendale Evening News, a daily newspaper printed, published and circulated in the City of Glendale, and immediately

THE REAL THING
"What knocked out that movie comedian?"
"Hit by a pie."
"Why, he is bombarded by pies every day."
"His bride threw this. It was one she made herself."

CHINA SHOWER FOR MISS MARY LOGAN, BRIDE-TO-BE

Delightful Social Affair Is
Given for Popular Girl,
Who Is Soon to Wed

A very pretty china shower was given Tuesday night when Miss Jane Snyder of 112 Arden avenue and Miss Pearl Pollock of 115 Arden avenue entertained in honor of Miss Mary Logan, who is soon to become the bride of Marshall Pearson.

The guests first met at the home of Miss Snyder and spent some time hemming towels for the bride-elect. Later in the evening they crossed the street to Miss Pollock's home where they found a beautifully-decorated table upon which refreshments were served. The centerpiece was a large basket of red dahlias and fern. At each place were tiny red baskets filled with candies and favors of red carnations were given each guest.

The luncheon consisted of watermelon cocktail, hot cheese sandwiches, olives, meat salad encased in red tomato cups, pineapple ice and wafers.

Many Useful Gifts

During the evening the hostesses brought in a loaded tea wagon which held the many beautiful and useful gifts of china for the bride-elect.

Miss Snyder and Miss Pollock's guests included the honoree, Miss Mary Logan, Miss Clara Pearson, Miss Lillian Lane, Miss Marion Pearson, Miss Edith Haggman, Miss Harriet Barnes, Miss Elizabeth Allen, Miss Elaine Hudson, Miss Eva Green, Miss Evelyn Williams, Miss Dorothy Haige, Miss Helen Bredenburg, Mrs. Guy Pearson, Mrs. John Logan and Mrs. John Pollock.

Albert Vack Expresses Thanks for Assistance

Editor The Evening News:—The chiropractors in Glendale, like the chiropractors all over the state, observed August 30, petition day, to rally the voters of California to support their initiative measure for a Chiropractors' Board of Examiners. We wish to thank the citizens of Glendale for their honest support and courteous treatment, as we realize more than ever that we, as citizens of our beloved country, have a right to enjoy the pursuits of life, liberty and happiness according to the constitution of America and that every individual has an immutable right to choose any kind of practitioner he may see fit.

There is no doubt in our minds as to the outcome in the next election in November, 1922, of our measure and we feel confident of carrying the state by 100,000 majority.

Chiropractic is legally recognized at present in thirty-six states in the union, and has done some of the remarkable cures in the world, and we know that our profession can only become greater by raising the standard and protecting it through a just and unbiased law.

ALBERT VACK,
Chiropractor,
105 S. Maryland.

ELECTION WILL BE HELD IN OCTOBER, BOARD DECIDES

Needs of District Told at Gathering; Final Figures Are Reached After Inquiry

(Continued from Page 1)
true school; E. H. Learned on the property to be purchased in the Grand View district.

Four different sites were reported as being available in the last-named territory, and the final choice of a site was referred to the school board.

After listening to a report by Richardson D. White, who is superintendent of the district, in which he stated that District Attendance Officer L. T. Rowley had only found sixteen children of grammar school age living in the Verdugo Woodlands district, and that the immediate establishing of a school in that territory was not as essential as the other pending improvements, it was decided to postpone action on that site until a later date.

Tells of Growth

Mr. White also gave a short talk in which he told of the rapid growth of the Glendale schools during the past few years, stating that every school in the district is in immediate need of added room to take care of the ever-increasing enrollment.

The members of the advisory committee are: Oliver O. Clark, William C. Wattles, Mrs. Gladys Esselman, Mrs. E. S. McKee, H. V. Henry, C. H. Crawford, Roy L. Kent, C. A. Cole, George H. Moore, S. E. Wilkinson, Harry Hagne, Mrs. P. Diederich, Mrs. R. C. Horner, Mrs. Eustace B. Moore, Mrs. W. E. Halstead, Mrs. Amy I. Campbell, C. L. Chandler, Mrs. H. V. Brown and E. H. Learned.

Election To Be Called

After the meeting of the advisory committee the board of City School Trustees passed a resolution to call a bond election for \$260,000, as recommended by the committee, early in October, the exact date of which cannot be determined until after a consultation with the county superintendent to see how soon the necessary papers can be prepared.

The other matter of importance taken up was that of joining with O. E. Fitz, R. W. Meeker and Mr. Patterson, owners of property adjoining the Maple avenue school site, which has never been improved with a school building, in a plan to subdivide this property, which would make it more valuable.

The decision arrived at was that a resolution be prepared for passage at the next meeting, if the matter can be legally carried out as planned, and that this arrangement be entered into.

Wright, 419 Pioneer; F. J. Templeman, 327-A East Chestnut; B. F. Reichard, 451 West Wilson; 412 East Harvard; G. L. Phillippi, 836 South Glendale; Mrs. A. E. Fletcher, 1140 North Adams.

BROADWAY AND GLENDALE AVE. GLEN. 136

Hello!!

Hello! Nuway Laundry?

Yes, Madam.

Well, this is Mrs. Brown speaking at 515 South Wilton Place, Glendale. Please explain this Nuway System of laundering to me.

Gladly, Mrs. Brown.

First, the Nuway System of laundering is a system that has been copyrighted and all patents applied for, therefore it is fully protected from all imitations.

We wash and iron your clothes entirely separate from all other bundles and by doing so we eliminate mistakes and the necessity of marking them in any way whatsoever.

Have your driver call tomorrow.

Thank you, Mrs. Brown.

H. C. ELLS LEAVES FOR EAST; WILL TALK GLENDALE

Issues Fine Folder on City and Plans to Distribute Over 10,000 of Them

Mr. and Mrs. H. C. Ells of 601 Vine street left yesterday for an automobile trip of at least two months, through the middle west and to their old homes in Minneapolis and Minot, North Dakota. It will be a combined pleasure and business trip, as Mr. Ells expects to distribute at least 10,000 twelve-page folders which contain description of Glendale and vicinity and emphasize the desirability of Glendale both for investment and a home.

The booklets are issued and distributed at Mr. Ells' own expense and contain statistical data and other information that should result in a material increase in the number of visitors and investors.

Mr. Ells located in Glendale over a year ago after having first made several trips to southern California.

Opens Own Office
For a time Mr. Ells was associated with the Hart Realty company, but recently opened offices of his own at 300 South Brand boulevard where he will undoubtedly continue his success as an exclusive realtor. He has associated with him E. G. Warren, recently of Warren-Schimmelfennig firm on North Brand. Mr. Warren has been a resident of Glendale only a short time but he has made many friends.

Before coming here Mr. Ells had a large and varied experience in the handling of real estate and was for more than four years the paid secretary of a Chamber of Commerce.

Mr. Ells will gladly furnish his descriptive booklet on Glendale, if Glendale people wish to send it to friends or relatives in the east. It is worth while and Mr. Warren at 300 South Brand will supply the booklet upon request.

Bargains In Shoes Found In Fleer's Ads

Wallace H. Fleer, successor to Carney's, 112 East Broadway, is carrying two advertisements in this issue of The Glendale Evening News calling attention to Little Pals juvenile footwear for happy children and the fact that all broken lines of summer footwear are being sold at substantial savings. You will want to read Mr. Fleer's announcements on Pages 5 and 7—then visit his store at 112 East Broadway and actually see the bargains offered. This new merchant in Glendale will be glad to meet you.

Glendale Dry Goods Store Opens Saturday

Announcement is made today of the opening tomorrow of the Glendale Dry Goods company store at 115 East Broadway. It has a new stock of staple dry goods and notions and women's and children's furnishings. The members of the firm invite the public of Glendale to come in and get acquainted. In other columns will be found an advertisement giving a few opening prices—a mere inkling of the many values offered.

ORDINANCE NO. 471

AN ORDINANCE OF THE COUNCIL OF THE CITY OF GLENDALE FIXING THE AMOUNT OF MONEY TO BE RAISED BY TAXATION UPON THE TAXABLE PROPERTY THEREIN FOR THE FISCAL YEAR 1921-1922.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1. The City of Glendale having elected by Ordinance that the City duly and lawfully adopted the provisions of the Act of the Legislature entitled "An Act to provide for the levy and collection of taxes by and for the use of municipal corporations and cities incorporated under the laws of the State of California, except municipal corporations of the first class, and to provide for the consolidation and abolition of certain municipal offices, and to provide that their duties may be performed by certain officers of the County, and fixing the compensation to be allowed for such county officers for the services so rendered to such municipal corporations." Approved March 27, 1895, and acts amendatory thereto, except the provisions of Section 2, thereof.

NOW, THEREFORE, pursuant to the provisions of said Act, there is hereby fixed as the amount of money necessary to be raised by taxation upon the taxable property of the city of Glendale as a revenue, to be placed in the various funds to carry on the various departments of the City of Glendale for the fiscal year beginning July 1, 1921, the following sums, to-wit:

For the General Budget	\$124,776.75
For Park Playground and Recreation Center fund, the sum of	6,300.00
For the Library Fund, the sum of	19,340.39
For the interest and sinking fund to pay principal and interest of Fire Apparatus Bonds, authorized by election held on Feb.	

ONE ORGANIZATION FOR SOUTH PART OF CITY, PLAN

Number of Improvements Will Be Started by Residents Under New Association

(Continued from Page 1)

he got on that he found himself in Glendale.

Mr. Campbell further stated that all the roads that lead from anywhere to anywhere go through the southern section of Glendale, and that he sees big things ahead for the gateway district.

Protection for School
One very important issue taken up at last night's meeting of the Glendale Gateway club was that of taking immediate action towards securing adequate fire protection for the Cerritos avenue school. The matter of having a water main installed which would be large enough to protect the school building against fire had been taken up by a former committee with the former board of city trustees, J. B. Treadwell stated, but no action had been secured.

A committee consisting of Mrs. Florence Blair, J. B. Griswold and Mrs. E. B. Moore was appointed to interview the new city council and the board of city school trustees to have the necessary water mains installed.

Mrs. Blair stated that the Cerritos avenue school is one of the most overcrowded in the entire city, and being of frame construction, two stories in height, should at least have an adequate water supply.

Following the meeting of the Gateway club, a committee consisting of G. E. Shram, W. E. Anderson and C. L. Brenkman of the recently formed organization and L. C. Denman, J. B. Treadwell and Mrs. E. V. Bacon of the Gateway club held a meeting to decide on the reorganization of the club and the probable personnel of the new officers.

ST. SWITHIN MYTH DISPROVED

A record was kept from 1840 for twenty years for the purpose of testing the truth of the popular belief that if rain fell on St. Swithin's day it would rain for forty days after. The result of this test shows that the greatest number of rainy days had occurred in those two decades in years when St. Swithin's day was dry.

EX-SERVICE MEN OBJECT

CHARLESTON, W. Va., Sept. 2.—Efforts to recruit a large body of former service men to fight union miners marching into Logan county failed here. A meeting of the American legion to effect a defense organization was held next door to the executive mansion of Governor Morgan. It broke up with cat calls and jeers for speakers favoring organization and the singing of "We'll

Hang Don Chafin to a Sour Apple Tree." Chafin is the sheriff of Logan county, leading forces fighting the miners.

A Chicago company has put on the market a crawling yard crane. This is the ordinary locomotive crane made more useful by applying to it the mechanical locomotion used by war tanks. It can turn around in any one spot or in the circle of a radius equal to its own length.

Jazz music is rendered; cubist pictures are executed; the perpetrators should be both.

Earle Williams at Glendale Today Only in 'It Can Be Done'

"It Can Be Done," a Vitaphone production starring Earle Williams, which will be shown at Glendale Theatre today only suggests a reason for some of the crime which is ravaging the country. In one scene Spike Dawson, a character of the underworld, exclaims, "Folks invite crime by leaving valuables exposed and by locking them in 'egg crates'."

By the latter he meant frail safes which any ordinary yegg could open without difficulty.

The story of "It Can Be Done" revolves about a young author who has created a popular character of fiction of the super-Raffles type.

A Century comedy, "Third Class Male," Urban Movie Chats and Asop's Fables Modernized make up the balance of the big bill.

DREADNOUGHT LAUNCHED

CAMDEN, N. J., Sept. 2.—Another giant superdreadnaught was added to Uncle Sam's navy here when the U. S. S. Washington, a capital ship of the latest type, slid majestically down the ways at the New York shipbuilding corporation's yards.

Miss Jean Summers, 10-year-old daughter of U. S. Representative W. J. Summers of Washington, broke a bottle of champagne across the bow of the vessel and named it "Washington" as the props and supports were released.

A delegation from the state of Washington, including the sponsor's father and several officials from the nation's capital attended the launching, several of whom made brief speeches at a luncheon following the ceremony. The main dimensions of the ship are: Length 624 feet 6 inches; breadth, extreme 97 feet 5 1/2 inches. Depth to main deck 47 feet 2 inches; draft normal 30 feet 6 inches; displacement full load about 33,000 tons. She weighs 16,800 tons.

CLASS TO HOLD PICNIC

The S. O. S. class of the Christian church will hold a picnic at Brookside park tomorrow. The girls will meet at the church at 2 p. m. and be taken over in machines. Each girl has been assigned something to bring for the lunch. They will be chaperoned by their teacher, Mrs. A. A. Smith.

SPECIAL CHICKEN DINNER

The C. & S. Cafeteria of 111 North Brand boulevard announces that it will serve a special chicken dinner tomorrow.

A word to the wise is sufficient, if not superfluous.

VARIOUS RATES FOR TAXES FIXED BY CITY COUNCIL

Total Amount of Money to Be Raised for Year Is Set at \$164,325.89

(Continued from Page 1)

the boundaries as originally incorporated will be \$1.30; district (b) that territory annexed to the city October 14, 1911 and March 30, 1912 and known as West Glendale district and Verdugo Canyon district, \$1.29; district (c) territory annexed April 20, 1916 and known as Pumping Plant and Remington districts, \$1.26; district (d) territory formerly included in city of Tropic, \$1.32; district (e) territory annexed January 20, 1919 and known as Grand View avenue district and territory annexed May 22, 1918 and known as Arden avenue and Valley View annexation districts, and all territory annexed August 7, 1918 and known as Kenilworth district, \$1.23.

In addition to the foregoing taxes there will be levied in Municipal Improvement District No. 3 a tax of 44 cents per hundred dollars for the Municipal Improvement District No. 3 of the City of Glendale Bond Interest and Sinking Fund.

A similar tax of 41 cents will also be levied in Municipal Improvement District No. 4.

Miss Dora Hewitt and Van B. Hoopes to Wed

Miss Dora Hewitt, daughter of Mr. and Mrs. William Hewitt of 1941 Gardena avenue, Glendale, left Wednesday for Chester, Pennsylvania, where she will become the bride of Van B. Hoopes.

Miss Hewitt attended Polytechnic high school and later graduated from the Methodist Hospital in Los Angeles.

Mr. Hoopes has been in the United States navy for about four years and has traveled around the world several times. At present he is chief electrician at the Westinghouse company at Chester, Pa. Mr. Hoopes is a former resident of Los Angeles and it was there he first met Miss Hewitt. The couple will make their home in the eastern city.

The ability to read and write is one of the requirements for voters in the republic of Portugal.

Mind Readers to Be Return Attraction at Vaudeville Show

The Glendale Theatre Saturday matinee and night will have another great Meiklejohn and Dunn vaudeville road show for its patrons. Aleko, Panthea and Presco, the marvelous mind readers, who created such a sensation here last week, will play a special return engagement.

"Musical Walsh," who plays eight different instruments and plays them well, will headline the show. This is one of the greatest novelty acts on the coast today.

Dexter and Phillips, juvenile stars, will present the great acrobatic dancing novelty that is seen on the big circuits.

The Kinkoes, comedy contortionists and acrobats, who have been a feature attraction with Barnum and Bailey circus, are another of the unusual feature attractions on this splendid bill.

Last, but not least, comes Lady Lo Wah, "the Chinese Nightingale," who recently appeared at Grauman's Million Dollar Theatre of Los Angeles.

Lady Lo Wah is credited with possessing a wonderful Chinese wardrobe.

In addition to the above the feature picture, "Hearts and Masks" will be shown.

Mr. and Mrs. Hutchinson Back From Auto Trip

Mr. and Mrs. C. E. Hutchinson and two children of 246 North Orange street returned last night from a two-months' motor trip through Yosemite. Mrs. Smith of New York accompanied them. They took the inland route going but came back via Oakland and San Francisco and along the coast. They visited friends at Stockton and Oakland. Mrs. Hutchinson stated:

"Several people tried to discourage us in making such a long trip in a Ford, but we encountered no especially bad roads and returned to Glendale with the same air in our tires that we left with, after driving more than 1400 miles. We made the return trip in nine days, and certainly had a delightful trip."

ENERGY NEEDS IN CALORIES
According to the United States Department of Agriculture, a family consisting of a father, mother and three children requires approximately 12,000 calories a day. The diet is best balanced by considering 120 units of 100 calories each. On this basis, fruits and vegetables should supply 24 units; milk, eggs and meat, 36; cereals and legumes, 30; sugar and starchy foods, 12, and fats and fatty foods, 18.
